

STANFORD ESSAY SAMPLE

Prompt: Discuss an accomplishment or event, formal or informal, that marked your transition from childhood to adulthood within your culture, community, or family.

When I take a look at a picture of my younger self, I always comment on how I have changed and grown, not just physically, but also emotionally and mentally as an individual. About a month after the recent photo I was looking at was taken, I entered AA College without any knowledge as to what I should expect. I was a young lady who was several thousand miles away from home.

Surrounding me is a complete picture of things that are different from what I used to know. However, I see my priorities really well. I love studying different kinds of planes and cars. If there is one special occurrence that can happen to a person is the diversity of our student body, which proves us a big help for us new students there. I am not really sure whether or not the speed up of my maturing process is good for me or not, but I know that I have benefitted well.

The classroom environment has become an entirely different world for me. Before, the students and teachers were preaching the importance of knowledge and learning. It was also obvious that students were concerned of the grades. However, I believe that effort should come from us, the students.

I particularly liked one teacher who always assigned us to prepare everyday in order to discuss a book. What makes it unique is that she made the requirements clear we should be able to maximize the sources we have, but not allowed to look at the book. We can ask from other people in the school. Because of that teaching strategy, I learned the importance of 'thinking'. I believe this is very important as I continue with my education further.

transcript and great test scores will get your application noticed but it's your essays and the personal story that they highlight that will get you admitted. But often students don't know where to start. Teens fret over topics because they don't know what college admissions officers are looking for. They bend over backwards to write what they think colleges want to read instead of telling their authentic story which is what admissions officers actually want in a way that will resonate with their readers. They also struggle because college essays which are narrative first person and introspective require a different set of skills from academic expository writing they've been learning for years in the classroom. Seasoned college admissions expert and educator Eric Tipler has seen this firsthand. Teens and their parents spend countless anxiety filled hours crafting and refining essays that are often lackluster. In *Write Yourself In* Tipler meets students where they are and provides comprehensive actionable advice in a warm and conversational tone. He demonstrates how to craft a winning essay one that is authentic, vulnerable and demonstrative of qualities like personal growth and emotional maturity. Instead of formulas *Write Yourself In* gives students step by step processes for brainstorming, outlining, writing and revising essays. It encourages them to seek out feedback at key points in the process something Tipler has found to be vital to helping students produce their best writing. Further the book includes sidebars that teach essential components of good storytelling a secret weapon in the admissions process. In addition to the admissions essay *Write Yourself In* also covers the most common supplemental essays on topics like community, diversity, openness to others, viewpoints and why their school is a good fit for the student. Scholarship essays as well as scholarship essays. Tipler includes sections that address current topics like the widespread use of ChatGPT and the discussion of race in the admissions essay a facet of the student's application that will have newfound importance given the Supreme Court decision on affirmative action. Written with both the parent and teen in mind *Write Yourself In* is the go to handbook for writing a great college essay. *Mostly Likely* Sarah Watson, 2020-04-02. Ava CJ Jordan and Martha have been friends since kindergarten. Now they're in their senior year facing their biggest fears about growing up and growing apart. But there's more than just college on the horizon. One of these girls is destined to become the president of the United States. The mystery of course is which girl gets the gig. **Future M.D. , A Guide to Writing College Admissions Essays** Cory M. Franklin, Paul Weingarten, Suzanne Franklin, Linda Black, 2021-04-23. *A Guide to Writing College Admissions Essays* provides practical advice and helpful suggestions for students writing their college admissions essays primarily the 650 word Common App essay and supplementary essays that many schools require as part of their admission applications. With more students applying to college and those students applying to more schools than ever before college admission selection is far more competitive than in the past and the college essay is a key component. *A Guide to Writing College Admissions Essays* offers suggestions on good topics to write about without getting too specific and just as importantly what not to write about and vital tips on writing approach, grammar and usage. If used properly this book will help applicants find their creative voice and craft a readable, interesting and unique essay that will attract the college.
