Star Wars Frames:

Star Wars, 2013 After George Lucas finished work on 2005's *Star Wars Episode III: Revenge of the Sith* he wanted to look back on the now completed *Star Wars* saga through an entirely new point of view isolating stills or frames from each of the six *Star Wars* films focusing on them intensely as works of photography and design and reproducing them in a book For two years Lucas went through more than 200 000 frames per film eventually editing more than a million frames down to the 1 416 images that now comprise *Star Wars Frames* an essential part of the saga and a testament to the hard work craftsmanship and dedication evident in every frame of every film Within the pages of *Frames* iconic and unexpected moments from each film reveal abstractions and deepen appreciations of the films artistry *Star Wars Frames* previously available only as a 3 000 limited edition presents these stills in a new lower priced edition bringing together Lucas's personal shot by shot selections from all six *Star Wars* films into a lavishly designed two volume hardcover set *Star Wars* George Lucas, 2009 *Star Wars Frames: 100 Postcards* .
