

Making an Appearance

U.S. RETAIL DRESS CODE GUIDELINES

At Starbucks, we aim high to create a warm and inviting third place environment. We want every reflection of the brand to be as thoughtful as our heritage and caring around coffee. As a partner, your appearance is a reflection of the Starbucks brand and how we show up collectively is important to our customers. At the same time, we want to build a company where self-expression, empowerment and inclusion are nurtured.

With this balance in mind and lots of thoughtful feedback from partners, we've updated our dress code. If you have questions about what this means for you, talk with your store manager. And, thank you for all you bring to Starbucks every day. If you need more help, call the Partner Resources Support Center (PRSC) at (866) 504-7368.

JEWELRY.

Food safety rules, no really.

There are food safety rules we have to live by. Here's the fine print - wearing a ring is okay if it's a plain band, no stones. Unfortunately, no watches, bracelets or wristbands are allowed. Simple necklaces can be worn under your clothes.

APRONS.

It's all about that first in - PRESS - ion.
We're known for the green apron, so keep it looking good. This means no holes, tears or stains and starting your shift clean and wrinkle-free. When you're working, wear it full length, not folded in half. When you're on break or taking out the trash, take it off.

PIERCINGS.

Less is more.

When it comes to earrings, it's small or moderately-sized and no more than two per ear. Yes to ear gauges, ideally no bigger than 50mm and a small nose stud is allowed (no septum or rings). No other visible pierced jewelry or body adornments.

FINGERNAILS.

Be natural.

Keep your nails clean, short to medium-length. No nail polish (this includes gel or Shellac™) because it can chip off and fall into our food or beverages.

HATS.

And to top it all off...

If a hat is required by state or local laws, wear one with a Starbucks logo.

IN CASE YOU WERE WONDERING...

No blue jeans, sweatshirts, hoodies, T-shirts, athletic pants, leggings, crop pants, sweatpants, flared bellows or sports slacks, open-toed shoes, sandals, slugs, cowboy boots, cowboy shoes, perfumes, cologne or highly fragrant deodorants or powders.

HAIR. The mane event.

Keep it looking natural - no bright or unnatural colors (purple, pink, blue, green). Pull long hair back with clips, hair ties or bands.

TIES OR SCARVES.

You pick the color.

Want to accessorize with a small scarf, necktie, even a bowtie? Pick one in any color - your choice. Simple prints or patterns are okay too.

SHIRTS.

As Jack would have it.

Solid black or white shirts with collars, turtlenecks or mock turtlenecks are the rule. Tucked is the preference, but if you go untucked it has to be long enough so your midsection doesn't show (even when you reach) and no longer than your back pockets.

NAME BADGES. Doodles - sure. Flair - nope.

Make your name badge your own, but your name must be legible.

TATTOOS.

Yes!

We want customers to focus on you, not your body art. Tattoos are allowed, but not on your face or throat. Treat tattoos as your treat speech - you can't swear, make hateful comments or lewd jokes in the workplace, neither can your tattoos.

SHOES.

Be kind to your feet.

Black or brown closed-toe shoes with a flat heel are a must. We suggest slip-resistant shoes to avoid a fall.

HAVING A BABY?

Congratulations!

Choose from the items on this list with two special soon-to-be mom exceptions: wear a longer shirt or stretchy materials if it's more comfortable for you. A solid black dress is another option.

PANTS, SHORTS & SKIRTS.

Denim! need we say more?

The bottom half of your outfit can be khaki (tan) or solid black (and yes, this includes dark black denim). If you choose to wear shorts or skirts - no more than four inches above the knees please.

Post-Pandemic Talent Management Models in Knowledge

Organizations Talukdar, Mohammad Rafiqul Islam, Lamagna, Carmen Z., Villanueva, Charles Carillo, Nahar, Rezbina, Hassan, Farheen, 2022-05-27 In today's modern business world the dominant factor of any organization's success is human capital. Appropriately acquiring and managing talented staff is crucial to the growth and development of companies and provides them with a considerable competitive advantage in the industry. Further study on the importance of talent management is required to ensure businesses are able to thrive in the present environment. *Post-Pandemic Talent Management Models in Knowledge Organizations* discusses strategic human resource management and the talent management of post-modern knowledge-based organizations during the COVID-19 pandemic and post-pandemic paradigm. Covering critical topics such as organizational performance and creative work behavior, this major reference work is ideal for managers, business owners, entrepreneurs, academicians, researchers, scholars, instructors, and students.

Human Resource Management and Ethics at Work Lisa Grover, 2025-05-01 *Human Resource Management and Ethics at Work* dives deep into understanding ethical human resources practice, including professional codes of conduct and what it means to be an ethical human resources professional. Each chapter explores the philosophical underpinnings of the ethical challenges faced by contemporary human resources professionals. It draws upon narratives from fiction and film to bring these scenarios to life. Each chapter utilizes theories and concepts from philosophy to equip current and aspiring human resources professionals to think about ethical issues. There are no right answers here, but by provoking debate and discussion, human resources professionals can make better choices. Through understanding and practice, we become ethical human resources professionals. The book is structured around the three ethical perspectives: First, the perspective of the individual human resources professional focusing on good character and the traits of an ethical human resources professional. Second, the relationship between the individual human resources professional, the organisation, and its employees and human resources professional bodies. The human resources professional aims to have a positive impact on working lives but has to navigate a complex network of relationships and responsibilities. Third, the narrative moves to the macro level, identifying the social responsibilities of the human resources professional beyond their own organisation. A section of the book is dedicated to each of these pillars, exploring what they mean for the practising HR professional. Concepts and theories from philosophy are applied to understand this meaning. These tools can then be applied to novel situations that HR professionals go on to encounter in the workplace. Teaching activities are included throughout the book. This is an ideal resource for those undertaking an undergraduate or postgraduate course in human resource management, practising human resources professionals who worry about the right thing to do, or anyone interested in people management ethics.
