Historical Dictionary of Berlin Ulrike Zitzlsperger, 2021-01-21 After World War II Berlin became one of the playgrounds of the Cold War the Berlin Wall made the division between East and West between capitalism and communism in 1961 highly visible though it did remove Berlin from front line politics East and West Berlin had turned into shop windows of ideologies West Berlin representing the lure of a market economy East Berlin the promise of socialism It is then fitting that the fall of the Wall in 1989 awarded Berlin such a prominent role It was here that the development after Reunification of East and West became a closely observed event and well beyond Germany Berlin appeared to represent fundamental developments throughout Europe at the time Today Berlin is the capital of reunified Germany and therefore one of the key political players in the European Union EU and it's now a desirable destination for young entrepreneurs The Historical Dictionary of Berlin contains a chronology an introduction and an extensive bibliography The dictionary section has more than 300 cross referenced entries on important personalities places institutions and events This book is an excellent resource for students researchers and anyone wanting to know more about Berlin **The Rough Guide to Berlin**, 2008 **Behind the Iron Curtain** Jeffrey M. makes a new sound with them He takes us to the urban landscape of Berlin longtime home to nightingale colonies where the birds sing ever louder in order to be heard and invites us to listen in on their remarkable collaboration as birds and instruments riff off of each other s sounds Through dialogue travel records sonograms tours of Berlin s city parks and musings on the place animal music occupies in our collective imagination Rothenberg takes us on a quest for a new sonic alchemy a music impossible for any one species to make alone In the tradition of *The Hidden Life of Trees* and *The Invention of Nature* Rothenberg has written a provocative and accessible book to attune us ever closer to the natural environment around us
