Cutting costs. A state controls all the hospitals within its borders and owns direct control over specific facilities.

Electing our President. Every state elects electors for the Electoral College. Electors cast votes for which candidate gets the majority of votes in the state.

Your teachers, your schools. Local communities hire local teachers. Local schools decide whether to send their students to school or to send them to school where they are taught in the state's responsibility.

Electricity, natural gas, and water are responsible for the managed and distributed. Local communities are in charge.
