Geektionary Gregory Bergman, Josh Lambert, 2010-12-18 The last WoW module was clunky and a bit slow on my rig but it had a great toolset for building adventures for my avatar Now I m at sixtieth level Awesome Whether it s about science fiction Star Trek sports comics or computers geekspeak is full of mysterious words and phrases But now there s an easy way to understand what it s all about With this book you can dork out with the best of em Here are more than 1 000 words and their definitions including such gems as LARP Red Shirt Wilhelm Scream Xenomorph Munchkin So don t worry if you don t know what a midochlorian is or what to do with a proton pack With this book you ll never be confused again Which doesn t mean what you think it means unless you re a fan of roleplaying games

Game Balance Ian Schreiber, Brenda Romero, 2021-08-16 Within the field of game design game balance can best be described as a black art It is the process by which game designers make a game simultaneously fair for players while providing them just the right amount of difficulty to be both exciting and challenging without making the game entirely predictable This involves a combination of mathematics psychology and occasionally other fields such as economics and game theory Game Balance offers readers a dynamic look into game design and player theory Throughout the book relevant topics on the use of spreadsheet programs will be included in each chapter This book therefore doubles as a useful reference on Microsoft Excel Google Spreadsheets and other spreadsheet programs and their uses for game designers

FEATURES The first and only book to explore game balance as a topic in depth Topics range from intermediate to advanced while written in an accessible style that demystifies even the most challenging mathematical concepts to the point where a novice student of game design can understand and apply them Contains powerful spreadsheet techniques which have been tested with all major spreadsheet programs and battle tested with real world game design tasks Provides short form exercises at the end of each chapter to allow for practice of the techniques discussed therein along with three long term projects divided into parts throughout the book that involve their creation Written by award winning designers with decades of experience in the field Ian Schreiber has been in the industry since 2000 first as a programmer and then as a game designer He has worked on eight published game titles training simulation games

for three Fortune 500 companies and has advised countless student projects He is the co founder of Global Game Jam the largest in person game jam event in the world Ian has taught game design and development courses at a variety of colleges and universities since 2006 Brenda Romero is a BAFTA award winning game director entrepreneur artist and Fulbright award recipient and is presently game director and creator of the Empire of Sin franchise As a game director she has worked on 50 games and contributed to many seminal titles including the Wizardry and Jagged Alliance series and titles in the Ghost Recon Dungeons Dragons and Def Jam franchises

Santa vs. Satan Jake Kalish,2008-07-08 Who would win between has through the ages been one of man s most fundamental questions Sadly adult responsibilities like earning a living and having a girlfriend have conspired to make it impossible for men to devote to this issue the scholarship it so deeply deserves But now one hero has tapped into our need to know who s the best the strongest the caveman with the biggest club From Jake Kalish five star general of the Imaginary Battlefield emerges Santa vs Satan a tome that offers far more than idle speculation culling expert analysis from martial arts masters scientists social theorists and pop culture philosophers providing in depth detail of the strengths and vulnerabilities of the combatants and making bold predictions Warriors are profiled and winners are declared in this seminal list of throwdowns that never were but should have been Han Solo vs Indiana Jones Adam vs Charles Darwin The Virgin vs The Whore Drunk vs Stoner Conspiracy Theorists vs Conspirators Muhammad Ali vs Bruce Lee The Stork vs The Grim Reaper Metrosexual vs Eunuch Michael Corleone vs Tony Montana Small Man with Breasts vs Large Balding Woman Artist vs Critic The Constipated vs The Incontinent Gandalf vs Obi Wan Kenobi Married Gay Couple vs Divorced Straight Couple

Game Design and Intelligent Interaction Ioannis Deliyannis,2020-04-01 The book presents a collection of chapters that focus on the design use and evaluation of games and the application of gamification processes in serious learning scenarios This is clearly the way of the future as those technologies are currently being used to change the way we explore learn and share our knowledge with others The field will evolve in the near future with the use of new delivery platforms while various technologies will merge into more concrete media including wearable multipurpose devices This book presents a series of design and evaluation case studies enabling the reader to appreciate the complexity of the task in hand sample different case studies and appreciate how different requirements can be met using game design and evaluation theory analysis and implementation
