Slipping Away Mark Moberg, 2008 During the 1990s the Eastern Caribbean was caught in a bitter trade dispute between the US and EU over the European banana market When the World Trade Organization rejected preferential access for Caribbean growers in 1998 the effect on the region s rural communities was devastating This volume examines the banana wars from the vantage point of St Lucia s Mabouya Valley whose recent turbulent history reveals the impact of global forces The author investigates how the contemporary structure of the island s banana industry originated in colonial policies to create a politically stable peasantry followed by politicians efforts to mobilize rural voters These political strategies left farmers dependent on institutional and market protection leaving them vulnerable to any alteration in trade policy This history gave way to a new harsh reality in which neoliberal policies privilege price and quantity over human rights and the environment However against these challenges the author shows how the rural poor have responded in creative ways including new social movements and Fair Trade farming in order to negotiate a stronger position for themselves in a shifting global economy BOOK JACKET

American Talmud Ezra Cappell,2012-02-16 In American Talmud Ezra Cappell redefines the genre of Jewish American fiction and places it squarely within the larger context of American literature Cappell departs from the conventional approach of defining Jewish American authors solely in terms of their ethnic origins and sociological constructs and instead contextualizes their fiction within the theological heritage of Jewish culture By deliberately emphasizing historical and ethnographic links to religions religious texts and traditions Cappell demonstrates that twentieth century and contemporary Jewish American fiction writers have been codifying a new Talmud an American Talmud and argues that the literary production of Jews in America might be seen as one more stage of rabbinic commentary on the scriptural inheritance of the Jewish people
