it! Bernard Garrette, Corey Phelps, Olivier Sibony, 2018-06-08 Solving complex problems and selling their solutions is critical for personal and organizational success For most of us however it doesn't come naturally and we haven't been taught how to do it well Research shows a host of pitfalls trips us up when we try We're quick to believe we understand a situation and jump to a flawed solution We seek to confirm our hypotheses and ignore conflicting evidence We view challenges incompletely through the frameworks we know instead of with a fresh pair of eyes And when we communicate our recommendations we forget our reasoning isn't obvious to our audience How can we do it better In *Cracked* It seasoned strategy professors and consultants Bernard Garrette Corey Phelps and Olivier Sibony present a rigorous and practical four step approach to overcome these pitfalls Building on tried and tested but rarely revealed methods of top strategy consultants research in cognitive psychology and the latest advances in design thinking they provide a step by step process and toolkit that will help readers tackle any challenging business problem Using compelling stories and detailed case examples the authors guide readers through each step in the process from how to state structure and then solve problems to how to sell the solutions Written in an engaging style by a trio of experts with decades of experience researching teaching and consulting on complex business problems this book will be an indispensable manual for anyone interested in creating value by helping their organizations crack the problems that matter most *Bulletproof Problem Solving* Charles Conn, Robert McLean, 2019-03-04 Complex problem solving is the core skill for 21st Century Teams Complex problem solving is at the very top of the list of essential skills for career progression in the modern world But how problem solving is taught in our schools universities businesses and organizations comes up short In *Bulletproof Problem Solving The One Skill That Changes Everything* you'll learn the seven step systematic approach to creative problem solving developed in top consulting firms that will work in any field or industry turning you into a highly sought after bulletproof problem solver who can tackle challenges that others balk at The problem solving technique outlined in this book is based on a highly visual logic tree method that can be applied to everything from everyday decisions to strategic issues in business to global social challenges The authors with decades of experience at McKinsey and Company provide 30 detailed real world examples so you can see exactly how the technique works in action With this bulletproof approach to defining unpacking understanding and ultimately solving problems you'll have a personal superpower for developing compelling solutions in your workplace Discover the time tested 7 step technique to problem solving that top consulting professionals employ Learn how a simple visual system can help you break down and understand the component parts of even the most complex problems Build team brainstorming techniques that fight cognitive bias streamline workplanning and speed solutions Know when and how to employ modern analytic tools and techniques from machine learning to game theory Learn how to structure and communicate your findings to convince audiences and compel action The secrets revealed in *Bulletproof Problem Solving* will transform the way you approach problems and take you to the next level of business and personal success *The Art and Science of Effective and Impactful*

Business Communication for Managers Karminder Ghuman, 2024-09-16 Though we all communicate yet effective communication is not an innate skill for many people It has to be learned and practiced This book has been designed to meet postgraduate management students requirements and equip them with the skills needed for effective workplace communication emphasizing strategies for business interactions It shall impart learning on core principles of business communication and shall provide practical guidelines regarding how to communicate effectively and impactfully in the complex and nuanced corporate world The book shall provide an in depth understanding of communication practices prevalent in business organisations with the aim of preparing students for their future roles in the corporate world Every chapter has been designed in a manner to provide a tool strategy or approach that can further enhance the effectiveness of the communication of readers for contributing towards their success while working at a business organisation It also covers the new age digital communication competencies employees need in today s highly dynamic and hybrid working environment

The Future of Executive Development Mihnea C. Moldoveanu, Das Narayandas, 2021-11-30 Executive development programs have entered a period of rapid transformation driven by digital disruption and a widening gap between the skills that participants and their organizations demand and those provided by their executive programs This work delves into the objective functions of the executive development space analyzes the demand characteristics of the learners and the organizations that pay for the programs and the ways in which business schools and other providers deliver or not on the promises they make regarding skill development and the continued value of learning to the organization They show how a trio of disruptive forces disintermediation disaggregation and decoupling which have figured prominently in industries disrupted by digitalization are reshaping the structure of demand for executive development The authors look at the future of executive development in the era of self refining algorithms aka machine learning and wearable sensors and computers and offer a compass for making the right choice for CEOs and CLOs who are guiding executive program design Ultimately they offer a guide for to optimize the learning production function for both skill acquisition and skill transfer the two charges that the new skills economy has laid out for any educational enterprise

McKinsey's Marvin Bower Elizabeth Haas Edersheim, 2010-12-13 I had the privilege of working closely with Marvin and McKinsey for many years This book makes Marvin come to life and perpetuates him as a role model Peter F Drucker A wonderful book about a wonderful man In many ways Marvin s McKinsey framed the hypotheses in our own search for excellence for example passion for values belief in people as the prime resource and willingness to let people experiment As well as I thought I knew Marvin however this remarkable book drawing on the collective memories of those who worked most closely with him taught me a ton about how extraordinary the man really was and what made him that way Many have called Drucker the man who invented management I think history will conclude that both he and Marvin Bower share that pedestal Bob Waterman coauthor of *In Search of Excellence* Marvin Bower became a legend not just within McKinsey Company but within professional services and the
