Stories for the Apocalypse #1 Ben Tallon, 2022-04-07

Welcome to the apocalypse It's quieter than we were led to believe it would be Every day as the world burns we get out of bed go to work take our medicine ache to smile just that little bit harder for the camera share our children and cram more items into our carts But with every bleak headline that goes by we each suffer our own private collapse Stories for the Apocalypse 1 Notes on the New Normal is a collection of visceral suburban horror stories by Ben Tallon about coping in the midst of the mania of modern society Ben Tallon really captures a certain did I just see that British griminess This is the kind of in the shadows suburban horror I love Always in danger of getting out of control Charlie Adlard The Walking Dead Ben's mundane world is our world His skill is pulling back the veil and showing us the depravity that lurks closer than we allow ourselves to realise Susan Earlam Author of Earthly Bodies Tallon's Notes are written in a spare pummeling fashion like conkers dropping from big trees onto expensive cars He's telling us that the world is underpinned with a disturbed hilarity This is a book that smells like my old socks But the sort of old socks you like because they're yours that smell that stink it's yours Austin Collings author of God's Fox and The Myth of Brilliant Summers One Summer in Crete Nadia

Summer Leslie Stella, 2005-04-26 Perhaps you too have experienced the nausea brought on by the arrival of an invitation to a high school reunion Bookstore clerk and culture junker Verity Presti will soon attend her fifteenth reunion with her boyfriend the unfortunately but aptly named Charlie Brown who lives with his parents while training to be an urban shaman a modern day medicine man somewhat capable of exorcising ghosts from apartments and cubicles predicting baseball scores and channeling lost pets Verity angst ridden and burdened with fifteen years of magnificent failure will be reunited with Craig and Carolyn sickeningly perfect high school sweethearts married now and perfectly sick of each other Verity's former crush Stan and his wife Laurel a frustrated author of angry haikus and Will a rage aholic KJ that's karaoke jockey whose only soft spot is the one he still has for Verity A growing anxiety permeates the round of cocktail parties that precedes the reunion causing old affections and animosities to boil over and threaten the dubious complacency of these seven lovable losers With her trademark sarcasm and uncanny ability to skewer the oddities of contemporary hipster life Stella has created a cast of

endearingly eccentric characters who embody the insecurities and foibles that all of us former prom desperados band nerds the burnout brigade and loner stiffs have and hope nobody else will notice **Myth-land** Frederick Edward Hulme,1886

The Death of Democracy Benjamin Carter Hett,2018-04-03 A riveting account of how the Nazi Party came to power and how the failures of the Weimar Republic and the shortsightedness of German politicians allowed it to happen Why did democracy fall apart so quickly and completely in Germany in the 1930s How did a democratic government allow Adolf Hitler to seize power In *The Death of Democracy* Benjamin Carter Hett answers these questions and the story he tells has disturbing resonances for our own time To say that Hitler was elected is too simple He would never have come to power if Germany's leading politicians had not responded to a spate of populist insurgencies by trying to co-opt him a strategy that backed them into a corner from which the only way out was to bring the Nazis in Hett lays bare the misguided confidence of conservative politicians who believed that Hitler and his followers would willingly support them not recognizing that their efforts to use the Nazis actually played into Hitler's hands They had willingly given him the tools to turn Germany into a vicious dictatorship Benjamin Carter Hett is a leading scholar of twentieth century Germany and a gifted storyteller whose portraits of these feckless politicians show how fragile democracy can be when those in power do not respect it He offers a powerful lesson for today when democracy once again finds itself embattled and the siren song of strongmen sounds ever louder **Austria Behind the Mask** Paul Lendvai,2023-08-03 Austria has long been considered a European success story a land locked country on the losing side of World War Two which emerged from ten years of post war occupation as one of the EU's richest member states a symbol of social consensus and political independence at the heart of Europe But in the 2020s the forward march of the far right populist FP threatens the return of old demons extreme xenophobic racism and economic and political instability The governing partnership between Austria's youngest ever Chancellor and the extreme right party lasted less than two years but has left a wreckage of corruption scandals including an ongoing investigation of fraud at the top A cosy relationship with Russia particularly President Putin has cast a shadow over Austria's neutrality and reputation as a reliable EU partner Belated confrontation of the Nazi past and the lingering legacy of the imperial nobility further muddy the waters while the long decline of social democracy the bedrock of post war nation building has been equalled by the weak performance of the ruling conservative green coalition damaging trust in democracy Mixing personal memories with high political drama Paul Lendvai reveals the knotted web of forces which have driven Austria to its current perilous state Paul Lendvai a Hungarian born Austrian journalist **Segnius Irritant: or Eight Primitive Folk-Lore Stories** Karel Jaromír Erben,1896 **Segnius irritant: or Eight primitive folk-lore stories, tr. and compared, with notes, comments, tables; and two suppl. essays, by W.W. Strickland, from K.J. Erben's 'A hundred genuine popular Slavonic fairy stories'**. Slavyanski narodnîe skazki,1896 *We Can Take It!* Mark Connelly,2014-07-10 *We Can Take It* shows that the British remember the war in a peculiar way thanks to a mix of particular images and evidence Our memory has been shaped

by material which is completely removed from historical reality These images including complete inventions have combined to make a new history The vision is mostly cosy and suits the way in which the Britons conceive of themselves dogged good humoured occasionally bumbling unified and enjoying diversity In fact Britons load their memory towards the early part of the war Dunkirk Blitz Battle of Britain rather than when we were successful in the air or against Italy and Germany with invasions This suits our love of being the underdog fighting against the odds and being in a crisis Conversely the periods of the war during which Britain was in the ascendant are perversely far more hazy in the public memory
