Copyright and the Court of Justice of the European Union Eleonora Rosati, 2023-10-06 First released in early 2019 Copyright and the Court of Justice of the European Union remains the only book exclusively devoted to the case law of the Court of Justice of the European Union CJEU in the EU copyright field Fully updated for the new edition

the book explains the Court's role and action in the field of EU copyright law and provides readers with a sense of the direction of the Court's jurisprudence through an exercise of tidying up and rationalizing the rulings issued so far. In his foreword to the first edition, First Advocate General Maciej Szpunar praised the book's profound analysis of the EU copyright protection and CJEU decisions which in his view unveiled new information perhaps never considered even by members of the Court. The new edition captures all the significant developments in EU copyright law that have occurred since 2019. Aside from macro events such as the UK's now completed departure from the EU and the adoption of the Digital Single Market Directive 2019/790, seminal judgments have been issued by the CJEU which touch upon all the main foundational aspects of EU copyright. This book is structured in three parts. The first part is about the role of the CJEU as an EU institution. Following a discussion of the impact of CJEU interpretation of EU copyright provisions, notably their pre-emptive effect on individual EU Member States' freedom, the second part is concerned with CJEU action and vision in respect of four key areas of copyright and related rights: the requirements for protection, construction of exclusive rights, exceptions and limitations, and enforcement. The final part focuses on the legacy of CJEU case law, broadly intended, having regard to both individual countries' copyright laws, specifically the UK, and recent EU copyright reform discourse, notably in the context of the DSM Directive. Timely and engaging, *Copyright and the Court of Justice of the European Union* provides novel insights into the activity of the CJEU in the copyright field and reflects on the resulting implications for the present and future of EU copyright.

United States Circuit Courts of Appeals Reports, 1903 The EU Charter of Fundamental Rights in the Member States Michal Bobek, Jeremias Adams-Prassl, 2020-12-24 Ten years after the Charter of Fundamental Rights of the European Union became part of binding primary law and twenty years since its adoption, this volume assesses the application of the EU Charter in the Member States. How often and in particular by which actors is the EU Charter invoked at the national level? In what type of situations is it used? Has the approach of national courts in general and of constitutional courts in particular to EU law to EU fundamental rights law changed following the entry into force of the Charter? What sort of interplay does the Charter generate with the national bill of rights and the European Convention? Is the life with the Charter on the national level a harmonious *praktische Konkordanz* or rather a messy *mange trois*? These and other questions are discussed in the four parts that form the book. Part I is dedicated to the normative foundations. Part II sets out Member States' Perspectives, providing a structured in-depth account of the Charter's operation in 16 different Member States. Part III provides a detailed evaluation of selected rights contained within the Charter. Part IV synthesises the materials presented up to that point to develop a series of broader perspectives looking to discover underlying lessons about the relationship between EU fundamental rights law and national legal systems.
