Moule, 2000-04-01 C F D Moule shows how the earliest Christian writing developed as a response to the daily demands of Christian life in societies indifferent or even hostile to Christianity and how the selection of certain writings to constitute the basis of Christian belief was a response to specific needs

Studium Scribendi Marie Ledentu, 2004 Alors que la

notion même de littérature suppose un travail d'écriture et pose le problème du statut de l'écrivain on s'interroge rarement sur les structures mentales que requiert l'acte d'écrire sur l'écrit comme instrument de communication voire d'action sur les ressources de l'écrit Ces questions sont d'une importance toute particulière pour Rome et dans le moment charnière constituée par la fin de la République Comment Rome est-elle passée d'une société largement orale au début de la République à une société où l'on a eu comme le dit Horace la fureur d'écrire Pourquoi certains auteurs ont-ils voulu conserver certaines de leurs œuvres par écrit Comment les Romains ont-ils abandonné un certain dédain à l'égard de l'écrivain pour admettre une véritable gloire littéraire et permettre à l'auteur de se hisser presque au même rang que le magistrat et le chef d'armée Partant du choc culturel qu'a représenté l'ambassade de Carneade en 155 et se poursuivant jusqu'à la fin de l'époque ciceronienne cet ouvrage brosse le tableau des évolutions qu'ont connues durant cette période les statuts successifs ou concomitants de l'écrivain et de l'écrit la hiérarchisation des œuvres et des genres la nature du lectorat qu'il faut voir comme un co-auteur ou co-acteur de l'œuvre L'étude proposée montre en particulier combien les événements historiques les mutations sociétales l'évolution des mentalités ont modifié le rapport à l'écriture et à l'écrit des auteurs et des lecteurs la manière de concevoir des discours des ouvrages historiques des traités des poèmes et des pièces de théâtre Pour cette enquête les œuvres perdues et les œuvres conservées ont été traitées autant que faire se peut à égalité les analyses littéraires ont été conjuguées à des analyses sociologiques et historico-politiques qui intéresseront au-delà des spécialistes de littérature antique de philologie d'histoire romaine un public large d'étudiants de Lettres et d'Histoire ancienne Il convient de lire cet ouvrage non comme une histoire de la littérature latine qui viendrait s'ajouter à tant d'autres mais comme une histoire des écrivains qui ont fait dans les deux derniers siècles de la République la littérature écrite et ont été les acteurs d'une véritable révolution culturelle

Tatian's Diatessaron James W. Barker, 2021-10-28 In the late second century Tatian the Assyrian constructed a new Gospel by intricately harmonizing Matthew Mark Luke and John Tatian's work became known as the Diatessaron since it was derived out of the four eventually canonical Gospels Though it circulated widely for centuries the Diatessaron disappeared in antiquity Nevertheless numerous ancient and medieval harmonies survive in various languages Some texts are altogether independent of the Diatessaron while others are definitely related Yet even Tatian's known descendants differ in large and small ways so attempts at reconstruction have proven confounding In this book James W Barker forges a new path in Diatessaron studies Covering the widest array of manuscript evidence to date Tatian's Diatessaron reconstructs the compositional and editorial practices by which Tatian wrote his Gospel By sorting every extant witnesses according to its narrative sequence the macrostructure of Tatian's Gospel becomes clear Despite many shared agreements there remain significant divergences between eastern and western witnesses This book argues that the eastern ones preserve Tatian's order whereas the western texts descend from a fourth century recension of the Diatessaron Victor of Capua and his scribe used the recension to produce the Latin Codex Fuldensis in the sixth century More controversially Barker offers new evidence that late medieval texts such as the Middle Dutch Stuttgart harmony independently preserve traces of the western recension This study uncovers the composition and reception history behind one of early Christianity's most elusive texts
