Mohammed,2016-09-16 Caribbean economies have been faced with mounting challenges arising from the increasing pace of economic globalization The financial crisis of 2007 further exacerbated economic instability due to high foreign debt lack of competitiveness declining productivity and high unemployment and underemployment This in turn has precipitated increasing social and environmental problems including poverty inequality crime and violence and environmental degradation all of which require new perspectives and policy approaches for transformative change and sustainable development In this two volume multidisciplinary edited book *The Modern Caribbean Economy Volume I* provides scholars and practitioners with alternative theoretical perspectives and concrete policy recommendations while Volume II discusses economic industrial and social problems facing the Caribbean along with pragmatic proposals to successfully deal with these while building local resilience and enhancing institutional strength in the region **Science Education in the 21st**

Century Tang Wee Teo,Aik-Ling Tan,Yann Shiou Ong,2020-06-29 This book reflects on science education in the first 20 years of the 21st century in order to promote academic dialogue on science education from various standpoints and highlights emergent new issues such as education in science education research It also defines new research agendas that should be moved forward and inform new trajectories through the rest of the century Featuring 21 thematically grouped chapters it includes award winning papers and other significant papers that address the theme of the 2018 International Science Education Conference **Global Inventory of National and Regional Qualifications Frameworks 2022** European

Centre for the Development of Vocational Training,European Training Foundation,UNESCO,2023-09-27 **Equitable Education and Ghettoized Voices** June A. Douglas,2024-09-25 This book centres the voices of a group of marginalized residents in Grenada s ghetto to examine questions of poverty and survival and how within this context residents are able to focus on improvement and equity for their children through education As a developing nation in the Caribbean influenced by both its British colonial past and its proximity to the United States Grenada is still rife with poverty and access to quality

education is limited The author examines this tradition of the ghetto as the centre of community and a force for positivity among youth and develops a theory of education and deficit poverty through examples of citizens living in a developing state Using functionalism life course and other systems theories the book examines how institutions can support communities and in contrast how families in poverty support themselves in the wake of system failure to the extent that some children become successful university graduates entrepreneurs and world travellers A cutting analysis of the development of equity through education in states left behind by colonialism and globalisation this book offers new understandings of survival and criminality caused by deficit poverty It will appeal to scholars faculty and researchers with interests in international education education and globalisation small island states life course theory systems theory and anthropology **Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)** Union of International Associations,2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events
