Through analysis of 5 plays by Shakespeare Paul Raffield examines what it meant to be a stranger to English law in the late Elizabethan and early Jacobean period The numbers of strangers increased dramatically in the late sixteenth century as refugees fled religious persecution in continental Europe and sought sanctuary in Protestant England In the context of this book strangers are not only persons ethnically or racially different from their English counterparts be they immigrants refugees or visitors The term also includes those who transgress or are simply excluded by their status from established legal norms by virtue of their faith sexuality or mode of employment Each chapter investigates a particular category of stranger Topics include the treatment of actors in late Elizabethan England and the punishment of counterfeits Measure for Measure the standing of refugees under English law and the reception of these people by the indigenous population The Comedy of Errors the establishment of Troynovant as an international trading centre on the banks of the Thames Troilus and Cressida the role of law and the state in determining the rights of citizens and aliens The Merchant of Venice and the disenfranchised estranged position of the citizen in a dysfunctional society and an acephalous realm King Lear This is the third sole authored book by Paul Raffield on the subject of Shakespeare and the Law The others are Shakespeare's Imaginary Constitution Late Elizabethan Politics and the Theatre of Law 2010 and The Art of Law in Shakespeare 2017 both published by Hart Bloomsbury Publishers' circular and booksellers' record ,1851 *Journals of the House of Lords* Great Britain.

best holistic practice at Uppingham and other mid Victorian schools The central chapters follow the tilting of manliness to the physical by the muscular Christians in the 1860s its distortion to Spartanism by the games masters and sporting dons from the 1870s and its hijacking by the advocates of esprit de corps during the remainder of the century The book lays bare the total perversion of the ideal by the military imperialists in the years up to the Great War and traces the lifeline of holistic education through the progressive school movement from the 1880s to the 1970s It then brings this up to date by comparing true manliness with the wholeness ideal of schools of the new millennium This book will be of great interest to scholars and students in the fields of history of education and the theory and practice of teaching as well as school and university teachers teacher trainers and trainee teachers *The Examiner* ,1845 *The Sphere* ,1905 **Fatal Fortnight** Duncan Marlor,2014-06-30 Much has been published about how Britain s ruling circle came to its decision for war in 1914 but little about what rank and file Members of Parliament thought and did as the continental Armageddon drew closer Fatal Fortnight tells the story of Arthur Ponsonby and his backbench Liberal Foreign Affairs Committee The book describes the suspense around Parliament as the skies darkened It tells how after the Foreign Secretary made his proposal that Britain should go in Ponsonby s friend Philip Morrell stood up and called for a general debate in the teeth of the fury of those who wanted Britain to get straight into the war It describes how the neutralists led by Ponsonby made their passionate case in the fateful hours as Britain hung between peace and war The book looks at the concealment from Parliament of the military understanding with France and the issues of war and democracy which are still with us today It re examines the arguments and reflects on how the world might have been had the 1914 decision gone a different way Alongside the political drama a human story emerges of how family support for Ponsonby and his allies sustained them as the world closed in *The Speaker* ,1902 The Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1900 *The Publisher* ,1905
