In order to establish a connection between the Star Cool unit and the laptop a retriever cable is needed. The unit end must have a 5 pin connector and the pc end must have a 9 pole SUB D connector.

Please refer to the user manual for the installation of the adapter before proceeding with these instructions.

The controller of the Star Cool unit must run either on main power or in battery mode in order to communicate with the StarView software. Refer to the operation and service manual on how to switch on the unit.
