Nursing Home Federal Requirements, 8th Edition James E. Allen, 2014-07-09 The book lists all the federal requirements that are evaluated by state surveyors during the annual survey visit to nursing homes and for complaint visits. The exhibit section contains forms used by surveyors to gather data during the survey visit. Visually the format makes the regulations easy to read. If nursing home staff used the book to prepare for a survey they would be well prepared. Marcia Flesner PhD RN MHCA University of Missouri Columbia From Doody's Review Nursing homes are now the most highly regulated environments in the United States in the service of maximizing the quality of each resident's life. This user friendly guide has been updated to provide all of the requisite information needed by nursing home staff to prepare for a visit from federal surveyors. It provides the most current federal guidelines and the procedures used by federal surveyors in certifying facilities for participation in Medicare and Medicaid funding. It describes every aspect and service of a nursing home that is subject to inspection and includes the nearly 20% of new requirements established during the past three years with an emphasis on the new Minimum Data Set 3.0. The guide not only presents federal requirements and explanatory guidelines but also explains how to best interpret these guidelines so nursing home staff can be optimally prepared for a survey visit. It reflects changes in regulations regarding end of life care, nasogastric tube regulations and rights to establish advance directives. The guide also provides information straight from CMS's Internet Only Manual New Features of Eighth Edition. Describes how to best use the updated manual. Focuses on Minimum Data Set 3.0. Explains clearly how to interpret the new requirements 20% of which have been updated. Presents new quality measures. Includes new CMS forms. Reflects changes in regulations regarding end of life care, nasogastric tube regulations and rights to establish advance directives.

Managing the Long-Term Care Facility Rebecca M. Perley, 2025-01-28 Practical and compassionate approaches to providing quality care and safeguarding quality of life. The second edition of Managing the Long Term Care Facility: Practical Approaches to Providing Quality Care updates the first edition's discussion of the operational requirements necessary to manage a skilled nursing facility. This book presents sensitive and empathic regulatory compliant methods for the delivery of care that fosters an empowering environment for all stakeholders. Additional new information includes aging in place, trauma informed care, ethical dilemmas and collaborative decision making, workforce culture and surveys, enforcement actions and appeals. The pedagogical tools include chapter summaries with quiz questions and case studies. Instructors also have access to PowerPoint slides and test banks. This book is an excellent resource for students and individuals interested in working in long term care and other health care industries. The updated best practices for clinical and non clinical roles within the facility and material on resident advocacy and other important topics provide valuable information for the reader. Working professionals can benefit from the emphasis placed on practical approaches to facilitate person centered and whole person care and a facility's sustainability.

Options for Aged Care in China Elena Glinskaya, Zhanlian Feng, 2018-11-28 China is aging at an

unprecedented rate Improvements in life expectancy and the consequences of the decades old family planning policy have led to a rapid increase in the elderly population According to the United Nations World Population Prospects the proportion of older people age 65 and over will increase by about one fourth by 2030 and the elderly will account for about one quarter of the total population by 2050 Population aging will not only pose challenges for elder care but also have an impact on the economy and all aspects of society World Bank 2016a The government is aware of the need to develop an efficient and sustainable approach to aged care To this end the General Office of the State Council issued the 12th Five Year Plan for the Development of Aged Care Services in China and the Development Plan for a System of Social Services for the Aged 2011 2015 It is now in the process of formulating the 13th Five Year National Plan on Aging which will further elaborate and finalize the reform roadmap for 2016 to 2020 The Plan is expected to be finalized and launched by June 2016 The National Development and Reform Commission NDRC helped draft these plans and is now leading the development of policy measures for the provision of social services for the elderly This volume has been prepared to support the translation of the broad ideas on aged care provision expressed in the 12th and 13th Five Year Plans and other government plans into reality and to help the government tackle the challenges described above It strives to identify a policy framework that fits the Chinese context and can be put in place gradually Specifically it aims to provide an up to date understanding of the evolving aged care landscape in China review international experiences in long term care provision financing and quality assurance and assess their relevance to China s current situation discuss implications of current developments and trends for the future of aged care in China and propose policy options based on available evidence and best practices
