States Of Denial Stanley Cohen:

States of Denial Stanley Cohen, 2013-08-29 Blocking out turning a blind eye shutting off not wanting to know wearing blinkers seeing what we want to see these are all expressions of denial Alcoholics who refuse to recognize their condition people who brush aside suspicions of their partner s infidelity the wife who doesn t notice that her husband is abusing their daughter are supposedly in denial Governments deny their responsibility for atrocities and plan them to achieve maximum deniability Truth Commissions try to overcome the suppression and denial of past horrors Bystander nations deny their responsibility to intervene Do these phenomena have anything in common When we deny are we aware of what we are doing or is this an unconscious defence mechanism to protect us from unwelcome truths Can there be cultures of denial How do organizations like Amnesty and Oxfam try to overcome the public s apparent indifference to distant suffering and cruelty Is denial always so bad or do we need positive illusions to retain our sanity *States of Denial* is the first comprehensive study of both the personal and political ways in which uncomfortable realities are avoided and evaded It ranges from clinical studies of depression to media images of suffering to explanations of the passive bystander and compassion fatigue The book shows how organized atrocities the Holocaust and other genocides torture and political massacres are denied by perpetrators and by bystanders those who stand by and do nothing

Race and Epistemologies of Ignorance Shannon Sullivan, Nancy Tuana, 2007-05-10 Offering a wide variety of philosophical approaches to the neglected philosophical problem of ignorance this collection builds on Charles Mills s claim that racism involves an inverted epistemology an epistemology of ignorance Contributors explore how different forms of ignorance linked to race are produced and sustained and what role they play in promoting racism and white privilege **BOOK JACKET**

Shadows of War Carolyn Nordstrom, 2004-05-17 Annotation This book captures the human face of the frontlines revealing both the visible and the hidden realities of contemporary war power and international profiteering in the 21st century

Problem Society Niki J.P. Alford, Fatimaah J. Menefee, 2025-06-02 *Problem Society* is an essential introduction to the many facets of divided societies It examines the complexities of how and why ancient grievances and new conflicts coexist with unprecedented connectivity and develops students understanding of the daily lived experience of people in cultural economic and political landscapes affected by global shifts Structured around critical problems facing global societies in transition it equips students with analytical tools to interpret the complex world around them It provides a multidisciplinary exploration of the historical contexts of nation state building and the politics of divided nations and illuminates the geopolitical upheavals of the late twentieth and early twenty first centuries Illustrated by diverse case studies and vignettes it takes readers on a chapter by chapter journey through key topics including balancing interests and needs at different societal levels from the global to local shifts in the tension between individualism and collectivism obstacles to problem solving and decision making causes of and ways of managing and resolving conflict the challenge of ensuring effective accountable and transparent governance peacekeeping forms and the ethical and political

dilemmas they entail establishing and verifying truth in an era of misinformation and balancing privacy and security amid widespread surveillance Borne from the authors extensive experience of teaching and collaborating with students to bridge theory concepts and issues with their real world experience pedagogical features include definitions of key concepts activities reflection questions further reading as well as carefully curated suggestions for films and docuseries to deepen students understanding of contemporary international politics Problem Society is an engaging introduction to the intricate dynamics of a rapidly changing interconnected world for students of sociology politics international relations human geography anthropology area studies and conflict resolution

Some Kind of Justice Diane Orentlicher,2018-03-30 An internationally renowned scholar in the fields of international and transitional justice Diane Orentlicher provides an unparalleled account of an international tribunal s impact in societies that have the greatest stake in its work In *Some Kind of Justice* The ICTY s Impact in Bosnia and Serbia Orentlicher explores the evolving domestic impact of the International Criminal Tribunal for the former Yugoslavia ICTY which operated longer than any other international war crimes court Drawing on hundreds of research interviews and a rich body of inter disciplinary scholarship Orentlicher provides a path breaking account of how the Tribunal influenced domestic political developments victims experience of justice acknowledgement of wartime atrocities and domestic war crimes prosecutions as well as the dynamic factors behind its evolving influence in each of these spheres Highlighting the perspectives of Bosnians and Serbians *Some Kind of Justice* offers important and practical lessons about how international criminal courts can improve the delivery of justice

Crime, Justice and Human Rights Leanne Weber,Elaine Fishwick,Marinella Marmo,2017-09-16 A specialized introduction to the philosophy law and politics of human rights uniquely tailored to criminologists and criminal justice practitioners Exploring the connections between existing criminological scholarship and human rights frameworks the book helps readers to incorporate human rights paradigms into their criminological analysis

Carbon Criminals, Climate Crimes Ronald C. Kramer,2020-04-17 *Carbon Criminals Climate Crimes* analyzes climate change from a criminological perspective Four state corporate crimes are examined continued extraction of fossil fuels and rising carbon emissions political omission related to the mitigation of emissions socially organized denial and climate crimes of empire The final chapter reviews policies to achieve climate justice

What Changed When Everything Changed Joseph Margulies,2013-05-21 *DIV* Beautifully written and carefully reasoned this bold and provocative work upends the conventional wisdom about the American reaction to crisis Margulies demonstrates that for key elements of the post 9 11 landscape especially support for counterterror policies like torture and hostility to Islam American identity is not only darker than it was before September 11 2001 but substantially more repressive than it was immediately after the attacks These repressive attitudes Margulies shows us have taken hold even as the terrorist threat has diminished significantly Contrary to what is widely imagined at the moment of greatest perceived threat when the fear of another attack hung over the country like a shroud favorable attitudes toward Muslims and

Islam were at record highs and the suggestion that America should torture was denounced in the public square Only much later did it become socially acceptable to favor enhanced interrogation and exhibit clear anti Muslim prejudice Margulies accounts for this unexpected turn and explains what it means to the nation s identity as it moves beyond 9 11 We express our values in the same language but that language can hide profound differences and radical changes in what we actually believe National identity he writes is not fixed it is made div

Criminology Eamonn Carrabine,Pamela Cox,Pete Fussey,Dick Hobbs,Nigel South,Darren Thiel,Jackie Turton,2014-03-21 Building on the success of the second edition Criminology A Sociological Introduction offers a comprehensive overview of the study of criminology from early theoretical perspectives to pressing contemporary issues such as the globalization of crime crimes against the environment and state crime Authored by an internationally renowned and experienced group of authors in the Sociology department at Essex University this is a truly international criminology text that delves into areas that other texts may only reference This new edition will have increased coverage of psychosocial theory as well as more consideration of the social political and economic contexts of crime in the post financial crisis world Focusing on emerging areas in global criminology such as green crime state crime and cyber crime this book is essential reading for criminology students looking to expand their understanding of crime and the world in which they live

Scapegoats of September 11th Michael Welch,2006-11-09 From its largest cities to deep within its heartland from its heavily trafficked airways to its meandering country byways America has become a nation racked by anxiety about terrorism and national security In response to the fears prompted by the tragedy of September 11th the country has changed in countless ways Airline security has tightened mail service is closely examined and restrictions on civil liberties are more readily imposed by the government and accepted by a wary public The altered American landscape however includes more than security measures and ID cards The country s desperate quest for security is visible in many less obvious yet more insidious ways In *Scapegoats of September 11th* criminologist Michael Welch argues that the war on terror is a political charade that delivers illusory comfort stokes fear and produces scapegoats used as emotional relief Regrettably much of the outrage that resulted from 9 11 has been targeted at those not involved in the attacks on the Pentagon or the Twin Towers As this book explains those people have become the scapegoats of September 11th Welch takes on the uneasy task of sorting out the various manifestations of displaced aggression most notably the hate crimes and state crimes that have become embarrassing hallmarks both at home and abroad Drawing on topics such as ethnic profiling the Abu Ghraib scandal Guantanamo Bay and the controversial Patriot Act Welch looks at the significance of knowledge language and emotion in a post 9 11 world In the face of popular and political cheerleading in the war on terror this book presents a careful and sober assessment reminding us that sound counterterrorism policies must rise above rather than participate in the propagation of bigotry and victimization

A More Just Future Dolly Chugh,2024-10-15 A revolutionary psychology based guidebook for developing resilience and grit to confront our whitewashed history and build a better more just future

State of the Nation

Gwenda Tavan, 2015-01-29 A stunning collection of essays that analyses the major issues facing Australia today This nation has a lot of unfinished business Will we become a republic any time soon How can we honour our Indigenous peoples and tackle the intractable disadvantage they face What does our treatment of asylum seekers reveal about us Will we have a proper debate the next time we go to war In early 2013 La Trobe University held a conference in honour of Professor Robert Manne at which papers were presented by thinkers Manne has worked or argued with and whom he most admires State of the Nation compiles these original essays They include innovative explorations of multiculturalism social democracy the future for Labor and the challenge of climate change This is a book that shows how Australia is faring good and bad as it enters a new era of politics Contributors include Mark Aarons Stefan Auer Nicholas Barry Peter Beilharz David Corlett Jean Curthoys Patrick Dodson Chris Feik Raimond Gaita Rhonda Galbally Clive Hamilton John Hirst Ramona Koval Martin Krygier Carmen Lawrence Geoffrey Brahm Levey William Maley Anne Manne Russell Marks Mark McKenna David McKnight Aurelien Mondon A Dirk Moses David Ritter Morry Schwartz Sanjay Seth Tim Soutphommasane and Hugh White

Rwandan Genocide Alexis Herr, 2018-04-19 This important reference work offers students an accessible overview of the Rwandan Genocide with more than 100 detailed articles by leading scholars on an array of topics and themes and 20 key primary source documents Tracing the history of Rwanda prior to during and after German and Belgian colonization of Rwanda through the present day this invaluable resource scrutinizes the historical events that determined how and why the Rwandan Genocide occurred and discusses the memory history and legacy of the atrocity both within and outside of Rwanda Designed to suit the needs of students both new to and advanced in the subject this reference work provides readers with a thematic overview of the Rwandan Genocide an accessible analysis of the national and international complexities that drove it and more than 100 in depth entries on topics related to the genocide Encyclopedic entries profile key perpetrators rescuers and witnesses as well as religious political and nonprofit groups which in combination with entries on judicial proceedings and the United Nations offer readers a multifaceted understanding of Rwanda the genocide and its aftermath To help learners to engage with the historical and social contexts of this atrocity the book also contains 20 curated primary source documents and six perspective essays in which scholars debate key questions regarding the genocide Human Rights, State Sovereignty and Medical Ethics Claude Cahn, 2014-10-16 Human Rights State Sovereignty and Medical Ethics Examining Struggles Around Coercive Sterilisation of Romani Women examines the mobilized use by people and groups of the international human rights law framework to move legal policy and ultimately social change at national and local level One particular case study is examined in detail efforts by Romani women in the Czech Republic and Slovakia to secure legal remedy for coercive sterilization International legal aspects of these cases are examined in detail The book concludes by endeavouring to answer questions concerning the nature of international law and the evolution of the post World War II international human rights framework the structure of national sovereignty and the potential impact of both on human

autonomy *Criminological Theory* Werner J. Einstadter, Stuart Henry, 2006-06-22 Designed for upper level senior and graduate criminological theory courses this text thoroughly examines the ideas and assumptions underlying each major theoretical perspective in criminology It lays bare theorists ideas about human nature social structure social order c

Colonial Terror Deana Heath, 2021 This title explores the legal role of torture and other violence as it was used in colonial ruling It rigorously attempts to theorize the nature of this violence including its materiality and its effects on the bodies of the colonized and those who perpetrated it This book provides a full examination of the history of torture in colonial India

Climate Politics in Populist Times Mirjam Gruber, 2024-10-08 This book navigates the neglected territory where far right populism intersects with climate change presenting a nuanced examination that transcends traditional research boundaries In recent decades Europe has grappled with the surge of far right and populist movements fueling robust academic debates Simultaneously the global discourse on climate change has become increasingly pervasive in societal and political spheres This book provides a comprehensive exploration of how populist far right parties discuss climate change within their national contexts focusing on Germany Spain and Austria Using a meticulous methodology rooted in critical discourse studies Mirjam Gruber examines the perspectives on climate change held by mainstream parties thereby defining the national policy field Gruber then delves into the discourse about climate change of populist far right parties revealing a complex web of obstructionist arguments intricately tied to the national policy context By analyzing a diverse array of documents spanning five years including social media posts press releases parliamentary debates and policy documents Gruber uncovers a stark contrast between the willingness of mainstream parties to address climate concerns and the obstructionist rhetoric employed by their far right counterparts This illuminating exploration underscores the importance of context in understanding political communication and provides profound insights into how different nations frame the climate change narrative *Climate Politics in Populist Times* will be of great interest to students and scholars of climate change environmental politics climate change communication and populist far right ideologies *Jochen Peiper Justice Denied* David G Williams, 2013-08-25 Jochen Peiper was a Colonel in the Waffen SS One of the wars more divisive men who was accused and convicted of more than 900 murders yet he walked free after only a few years in prison why This book covers his whole life from his humble beginnings in Berlin to his rise to full Colonel in the SS and his participation in numerous campaigns in Europe and the Eastern Front The story leads to the war crimes trial held in Dachau in 1946 the results of that trial and the use of coercion and dubious interrogation methods leading up to it Many guilty men walked free and many innocent men remained in jail Others who were clearly guilty and named were never prosecuted at all Rules were dismissed and what was supposed to be a shining example of justice became an embarrassing mess If Peiper and his men were guilty of the crimes convicted of why were the sentences never carried out Thoroughly researched using original archived documents and other material this book sheds new light on an old story *A Post-Exceptionalist Perspective on*

Early American History Carroll P. Kakeel III, 2019-08-16 This book argues that early American history is best understood as the story of a settler colonial supplanting society a society intent on a vast land grab of American Indian space and driven by a logic of elimination and a genocidal imperative to rid the new white settler living space of its existing Indigenous inhabitants Challenging the still strongly held notion of American history as somehow exceptional or unique it locates the history of the United States and its colonial antecedents as a central part of rather than an exception to the emerging global histories of imperialism colonialism and genocide It also explores early American history in an imperial transnational and global frame showing how the precedent of the North American West and its colonial trope of Indian wars were used by like minded American and European expansionists to inspire and legitimate other imperial colonial adventures from the late nineteenth through the mid twentieth centuries *Theatricality, Dark Tourism and Ethical Spectatorship* E. Willis, 2014-04-08 Works of theatre that depict grievous histories derive their force from making audible voices of the past Such performances theatrical or tourist require the attentive belief of spectators This engaging new study explores how theatricality works in each instance and how playing the part of the listener can be understood in ethical terms
