Jīn Guì Yào Lǚ Zhang Ji, 2022-07-26 The Jīn Guì Yào Lǚ Essential Prescriptions of the Golden Cabinet like its sister volume the Shàng Hǎn Lǚ On Cold Damage is a gem reconstituted from fragments of a lost text called the Shàng Hǎn Zǐ Bǐng Lǚ On Cold Damage and Miscellaneous Diseases by indisputably the most brilliant medical mind that China ever produced the Hǎn Dynasty physician Zhāng Jī Zhāng Zhāng Jī Exerting an influence on the development of Chinese medicine unmatched by any other medical scholar Zhāng integrated the then relatively new theories of systematic correspondence of the Nǐ jīng and Nǐ jīng with an already vast practical knowledge knowledge in the use of medicinals Such was his brilliance that it was not fully recognized by Chinese physicians until centuries later in the Sòng Dynasty when Zhāng's combination of theory and practice became the mainstream in Chinese medicine that survived centuries of scrutiny from successive generations of medical scholars and buttressed traditional medicine against the challenge of Western in the twentieth century Combining theoretic etiologies with detailed diagnosis and skillfully devised treatments Zhāng's work has left an indelible print on traditional medicine in China for nearly 2 000 years A third of the most commonly used formulas in Chinese medical practice today were devised by Zhāng Jī The Jīn Guì Yào Lǚ covers diseases other than the external contractions dealt with in the Shàng Hǎn Lǚ and includes lung diseases water swelling dissipation thirst impediment b summerheat stroke mounting diseases and gynecological diseases to name just a few It is presented in 25 chapters most of which deal with two or three closely related diseases however the final three chapters cover miscellaneous formulas and foodstuffs Each chapter includes an introduction to the material followed by the original lines of the text which are rendered in simplified Chinese characters Pinyin and English translation This is followed by notes to elucidate obscure phrases in the original text a synopsis of the content of the line and detailed explanatory commentaries Textual History from the Introduction by Sabine Wilms As its title suggests Zhāng Zhāng Jī's Shàng Hǎn Lǚ discusses the diagnosis and treatment of cold damage conditions which are conditions related to

external contraction especially of wind and cold His *Jin Gu Yao L* is thought to reflect that section of the original *Sheng Hui Zhen Ben L* that was called miscellaneous diseases *zhen ben* basically a catch all phrase for any conditions which could not be traced to externally contracted evils The full title of this present text is *Jin Gu Yao L Feng L* Essential Prescriptions and Discussions from the Golden Cabinet This title tells us several things about the book First it is an indication of the value that the author or more accurately the person who named the text as such placed on the book's content Golden Cabinet refers to a cabinet like storage box made of gold hence a place where a person of great wealth would store his or her most valuable items Second the text is characterized as containing both prescriptions and discussions or in other words clinical as well as theoretical information This combination positions it at an interesting fulcrum in the textual history of Chinese medicine namely the intersection between theoretical classics like the *Huangdi Neijing* Yellow Emperor's Inner Canon and *Nanjing* Classic of Difficult Issues which were mostly concerned with the flow of qi and blood through the vessels and the correlation of the human body to the macrocosm and formulary collections like the *Qin Jiefeng* Thousand Gold Pieces Prescriptions by *Sun Simiao* which primarily matched lists of symptoms to specific formulas without providing any diagnostic or etiological explanation for the rationale behind a treatment By contrast the *Jin Gu Yao L* includes detailed diagnostic guidelines and etiological reasoning in addition to instructions for treatment primarily with medicinal formulas and some references to acupuncture moxibustion and other therapeutic modalities *Zhen Zhen Jing* thus created a medical classic with outstanding significance for both theory and practice centuries before other medical authors attempted to follow in his footsteps during the *Song* period Due to the turbulence of its historical times it is impossible to reconstruct the exact format content and organization of *Zhen Zhen Jing*'s work today Nevertheless its significance for the history of medicine and its applicability in modern clinical practice has inspired much research especially in China to approximate its original form as much as possible on the basis of later reprints fragments that have been recovered in China and Japan in archaeological sites and quotations in received texts By order of the *Song* Imperial court in the 11th century both the *Sheng Hui Ben L* and the *Jin Gu Yao L* were included among a small selection of early Chinese medical classics to be collated annotated and reissued in woodblock print This monumental effort was completed by a large editorial team from the Office for the Correction of Medical Texts which had been established in 1057 CE While these scholars had access to the ten scrolls of the *Sheng Hui Ben L* which had been edited by *Wang Shih* the part on miscellaneous diseases had not survived Instead they painstakingly had to recreate the *Jin Gu Yao L* on the basis of quotations found in other medical classics like the *Mi Jing* Pulse Canon *Zhen Ben Yuhuan* Origin and Indicators of Disease and *Qin Jiefeng* Thousand Gold Pieces Prescriptions as well as a summary of *Zhen Zhen Jing*'s work in three scrolls entitled *Jin Gu Yao L* *Yuhuan* *Feng L* Essential Prescriptions from the Golden Cabinet and Jade Sheath These *Song* editors matched the prescriptions with the descriptions of symptoms arranged the text by disease categories into 25 chapters in three parts and lastly added select outstanding prescriptions by other physicians of the times all with the goal

of making this text as clinically useful as possible This S ng revision has been the standard version of the text ever since and also the version on which subsequent editions such as this one are based It is thus important for the discerning reader to keep in mind that we are looking at a H n dynasty text that was lost for several centuries and reconstructed rearranged and supplemented by S ng dynasty scholars approximately eight hundred years later Praise for Jin Gui Yao Lue Essential Prescriptions from the Golden Cabinet Wiseman and Wilms have exquisitely translated the J n Gu Y o L The English rendering is impeccable precise and consistent The detailed commentaries are systematic and comprehensive Throughout my forty six years as a clinician I have studied Zh ng J s writings and prescribed formulas from the Sh ng H n L n and J n Gu Y o L I hope that this remarkable work in its English translation will help you to draw upon the genius of Zh ng J and to understand and utilize the depth of his knowledge of Chinese medicine Miki Shima OMD L Ac President Japanese American Acupuncture Association Former Member California State Acupuncture Examining Committee Former President California Acupuncture Association Author Expositions on the Eight Extraordinary Vessels Channel Divergences Deeper Pathways of the Web The Medical I Ching Oracle of the Healer Within Recipient Lifetime Achievement Award American Association of Acupuncture and Oriental Medicine 2004 **Now and Then** Robert Hass,2009-03-01 During his years as Poet Laureate Robert Hass revived a popular 19th century tradition including poetry in our daily newspapers Poet s Choice went on to appear as a nationally syndicated column across the country from 1997 to 2000 The column which featured poems relevant to current headlines serves as a symbol of the continuing importance of poetry in our daily lives This collection contains well known poets such as Wallace Stevens Rita Dove John Ashbery and Robert Frost as well as emerging and translated poets such as Jaime Sabines and Czeslaw Milosz Also included are Hass s essays that accompanied the poems Encapsulating a world before 9 11 this collection serves as both remembrance and reminder of a period in our history and as a celebration of the poets whose works transcend time [A Prose English Translation of the Mahabharata](#) Manmatha Nath Dutt,1905

Water is a vital resource and is widely acknowledged as such. Thus it often serves as an ideological and linguistic symbol that stands for and evokes concepts central within a community. This volume explores thinking of water and concepts expressed through references to water within the symbolic system of the late Persian early Hellenistic period and as it does so it sheds light on the social mindscape of the early Second Temple community.
