With thousands of wines available at your fingertips, it can be hard to figure out what to drink when. To aid in your vinous adventures, check our latest vintage chart to get an idea of which bottles to stash away or pop open. Our expert reviewers base these ratings and maturity estimates on their vast tasting experience and interviews with local winemakers, however, we can't absolutely guarantee every bottle will live up or down to generalizations—in the world of wine, there are exceptions to every rule. Maturity estimates also assume proper storage conditions over the life of the wine.
