**The Standard Household Physician** William Peabody Defriez, 2017-10-22 Excerpt from The Standard Household Physician A Plain and Practical Guide Describing Simple Diseases Their Causes Prevention and Safe Home Treatment Anatomy Emergencies and Domestic Practice Taking of the remedy This is done by men and women who in the cause of science and for the benefit of suffering humanity are willing to bear the discomforts which necessarily attend such provings In issuing this work the writer is guided by a desire to introduce a more judicious and rational system of domestic practice and to put the community on their guard against the absurdities of the allopathic system of medicine as at present practised The very fact of prescribing for a disease by its name instead of by the symptoms it develops is an absurdity and an allopath without a diagnosis of the disease before him that is a name for it is as helplessly a oat as a ship in a gale of wind without compass or rudder This is abundantly proved by the utterances of the champions of the old school Such is the dictum of Dr O W Holmes that if all the medicines in the world were thrown into the sea it would be infinitely better for mankind and worse for the fishes Another prominent allopathic physician made a reply when asked what the science of medicine consisted of in the following terse sentence The science of medicine consists in putting a remedy of which we know nothing into a body of which we know About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
