to the clarification of terms for a genre that operates under labels such as books of secrets and recipe books Some key issues addressed in this volume are traces of book use the media shift from manuscript to print the interaction between text and image and the praxeological dimension of practical books Self help literature made it possible for interested laypersons to obtain information from all possible fields of knowledge largely independent of institutional and educational environments As tracts for action they differed from other genres in that they were consistently oriented towards implementation **Math**

with Bad Drawings Ben Orlin, 2018-09-18 A hilarious reeducation in mathematics full of joy jokes and stick figures that sheds light on the countless practical and wonderful ways that math structures and shapes our world In Math With Bad Drawings Ben Orlin reveals to us what math actually is its myriad uses its strange symbols and the wild leaps of logic and faith that define the usually impenetrable work of the mathematician Truth and knowledge come in multiple forms colorful drawings encouraging jokes and the stories and insights of an empathetic teacher who believes that math should belong to everyone Orlin shows us how to think like a mathematician by teaching us a brand new game of tic tac toe how to understand an economic crises by rolling a pair of dice and the mathematical headache that ensues when attempting to build a spherical Death Star Every discussion in the book is illustrated with Orlin s trademark bad drawings which convey his message and insights with perfect pitch and clarity With 24 chapters covering topics from the electoral college to human genetics to the reasons not to trust statistics Math with Bad Drawings is a life changing book for the math estranged and math enamored alike **100 Things Star Wars Fans Should Know & Do Before They Die** Dan Casey, 2018-05-01 As a Star Wars fan you

ve seen the movies from A New Hope to The Last Jedi and beyond And of course you ve probably had a faux lightsaber battle or two pretending to be Luke Skywalker Rey or maybe Kylo Ren But can you name the seven actors who have portrayed Darth Vader Do you know how Ralph McQuarrie helped shape the world of Star Wars Are you familiar with Deak Starkiller Darth Plagueis or Drew Struzan Have you seen the infamous Star Wars Holiday Special 100 Things Star Wars Fans Should Know Do Before They Die is the ultimate resource for true fans of the galaxy far far away In this revised and updated edition Dan Casey has collected every essential piece of Star Wars knowledge and trivia as well as must do activities and ranks them all from 1 to 100 providing an entertaining and easy to follow checklist for viewers old and new to progress on their way to fan superstardom **The Stuff of Science Fiction** Gary Westfahl, 2022-10-07 While students and general readers typically

cannot relate to esoteric definitions of science fiction they readily understand the genre as a literature that characteristically deals with subjects such as new inventions space robot and aliens This book looks at science fiction in precisely this manner with twenty one chapters that each deal with a subject that is repeatedly addressed in science fiction of recent centuries Based on a packet of original essays that the author assembled for his classes the book could serve as a supplemental textbook in science fiction classes but also contains material of interest to science fiction scholars and others devoted to the genre In some cases chapters offer thorough surveys of numerous works involving certain subjects such as imagined vehicles

journeys beneath the Earth and undersea adventures discovering intriguing patterns in the ways that various writers developed their ideas When comprehensive coverage of ubiquitous topics such as robots aliens and the planet Mars is impossible chapters focus on major themes referencing selected texts A conclusion discusses other science fiction subjects that were omitted for various reasons and a bibliography lists additional resources for the study of science fiction in general and the topics of each chapter
