Violated By Monsters The Troll Bridge:

Playful Parenting Lawrence J. Cohen, Ph.D., 2008-11-19 Parents have heard that play is a child's work but play is not for kids only. As psychologist Lawrence J. Cohen Ph.D. demonstrates in this delightful new book, play can be the basis for an innovative and rewarding approach to parenting. From eliciting a giggle during baby's first game of peek-a-boo to cracking jokes with a teenager while hanging out at the mall, *Playful Parenting* is a complete guide to using play to raise strong, confident children. Have you ever stepped back to watch what really goes on when your children play? As Dr. Cohen points out, play is children's complex and fluid way of exploring the world, communicating hard-to-express feelings, getting close to those they care about, working through stressful situations, and simply blowing off steam. That's why playful parenting is so important and so successful in building strong, close bonds between parents and children. Through play, we join our kids in their world. We help them express and understand deep emotions, foster connection, aid the process of emotional healing, and have a great time ourselves while we're at it. Anyone can be a playful parent; all it takes is a sense of adventure and a willingness to let down your guard and try something new. After identifying why it can be hard for adults to play, Dr. Cohen discusses how to get down on the floor and join children on their own terms. He covers games, activities, and playful interactions that parents can enjoy with children of all ages, whether it's gazing deep into a baby's eyes, playing chase with a toddler, fantasy play with a grade schooler, or reducing a totally cool teenager to helpless laughter. *Playful Parenting* also includes illuminating chapters on how to use play to build a child's confidence and self-esteem, how to play through sibling rivalry, and how play can become a part of loving discipline. Written with love and humor, brimming with good advice and revealing anecdotes, and grounded in the latest research, *Playful Parenting* will make you laugh even as it makes you wise in the ways of being a happy, effective, enthusiastic parent.
