But David Airey's Logo Design Love is something different. It's a guide for designers and clients who want to understand what this mysterious business is all about. Written in reader friendly concise language with a minimum of designer jargon, Airey gives a surprisingly clear explanation of the process using a wide assortment of real life examples to support his points. Anyone involved in creating visual identities or wanting to learn how to go about it will find this book invaluable. Tom Geismar, Chermayeff Lindon Leader, who created the current FedEx brand identity system as well as the CIGNA logo and many more. Readers will learn why one logo is more effective than another. How to create their own iconic designs. What sets some designers above the rest. Best practices for working with clients. 25 practical design tips for creating logos that last. *Creating a Photo Album in Photoshop Elements for Windows* Katherine Ulrich, 2005 If you're like many users you may have a digital camera, plenty of snapshots, and a copy of Photoshop Elements, Adobe's consumer level image editing software. But as anyone who's just come back from vacation with hundreds of digital photos knows, getting all those photos printed and organized is another matter altogether. Many users find that printing photos on a home printer and assembling them into a traditional photo album can be a tedious and painstaking chore. With Adobe Photoshop Elements for Windows, all this has changed. Using this software you can easily organize your digital photos into an album and then order a hardcover professionally bound book printed from your album pages. Best selling author Katherine Ulrich cuts straight to the chase in this compact, low priced volume using simple project based instruction and big colorful screen shots to guide you through the process of assembling your digital photos into an album using Photoshop Elements for Windows. By focusing on a single goal, organizing your photos into an album rather than exploring every option and feature of the software, Katherine demonstrates the quickest, easiest, smartest

route to photographic success Each short builds on the last as you learn how to import photos from your digital camera to your PC add captions and notes fix image flaws position your photos create albums choose your styles fine tune your layouts and order your stunning book of photos online or print your own This book s friendly colorful layout and ultra affordable price makes it ideal for anyone who wants to quickly learn how to create beautiful printed photo books to share with family and friends Real World Print Production with Adobe Creative Suite Applications Claudia McCue,2010-04-14 Contrary to popular belief print is not dead With all the interest in online publishing here in the 21st century it s easy to lose sight of the fact that information is still widely disseminated through the good old medium of print The advent of desktop publishing granted new levels of power and control to the layout artist and graphic designer but it hasn t made the process of getting the perfect print foolproof Sometimes managing the disparate elements of fonts images colors and more while dealing with the quirks of page layout applications makes even the bravest designer and production editor long for the hands on days of moveable type Creating a great layout on your monitor is only half the battle how do you make it work on paper Print production expert Claudia McCue takes on the challenge of putting ink to paper offering clear authoritative guidance to print professionals and anyone else who has been frustrated by the obstacles of getting electronic documents to print perfectly This new edition of Claudia s classic book is now fully Adobe centric and shows readers how to use the different applications in the Adobe Creative Suite 4 together to create and produce great print documents Use Photoshop and Illustrator to create raster and vector images and combine them with text in InDesign to create eye catching yet readable page layouts Learn the ins and outs of fonts and gain a better understanding of how ink and paper work together Finally preflight or prepare your job for submission to a printer to make sure the printing process goes off without a hitch *InDesign CS5 for Windows and Macintosh* ,2011 Adobe InDesign CS5 for Macintosh and Windows Visual QuickStart Guide highlights the important new features as well as covering the ones readers have relied on in previous versions of InDesign Complete coverage of InDesign CS539 s new features includes tools for interactive documents including the new animation panel simplified object selection multiple page sizes track text changes new layers panel live captions production enhancements and print to digital capability Using the task based visual approach that readers count on in the Visual QuickStart Guides this volume introduces readers to all aspects of InDesign CS5 Users will learn how to create and automate documents import and style text and objects manage long documents export files for a wide variety of purposes and much more
