British Writers and Paris: 1830-1875 Elisabeth Jay, 2016-02-19 A wicked and detestable place though wonderfully attractive Charles Dickens s conflicted feelings about Paris typify the fascination and repulsion with which a host of mid nineteenth century British writers viewed their nearest foreign capital Various perceived as the showcase for sophisticated cosmopolitan talent the home of revolution a stronghold of Roman Catholicism and a shrine to irreligious hedonism Paris was also a city where writers were respected and journalism flourished This historically grounded account of the ways in which Paris touched the careers and work of both major and minor Victorian writers considers both their actual experiences of an urban environment distinctively different from anything Britain offered and the extent to which this became absorbed and expressed within the Victorian imaginary Casting a wide literary net the first part of this book explores these writers reaction to the swiftly changing politics and topography of Paris before considering the nature of their social interactions with the Parisians through networks provided by institutions such as the British Embassy and the salons The second part of the book examines the significance of Paris for mid nineteenth century Anglophone journalists paying particular attention to the ways in which the young Thackeray s exposure to Parisian print culture shaped him as both writer and artist The final part focuses on fictional representations of Paris revealing the frequency with which they relied upon previous literary sources and how the surprisingly narrow palette of subgenres structures and characters they employed contributed to the characteristic and sometimes contradictory prejudices of a swiftly growing British readership

Magic, Monsters, and Make-Believe Heroes Douglas E. Cowan, 2019-02-26

Magic Monsters and Make Believe Heroes looks at fantasy film television and participative culture as evidence of our ongoing need for a mythic vision for stories larger than ourselves into which we write ourselves and through which we can become the heroes of our own story Why do we tell and retell the same stories over and over when we know they can't possibly be true Contrary to popular belief it's not because pop culture has run out of good ideas Rather it is precisely because these stories are so fantastic some resonating so deeply that we elevate them to the status of religion Illuminating everything from Buffy the Vampire Slayer to Dungeons and Dragons and from Drunken Master to Mad Max Douglas E Cowan offers a modern manifesto for why and how mythology remains a vital force today
