Managerial Control of American Workers Mel van Elteren,2017-03-04 Today surveillance and regulation of employees are pervasive at all levels except the highest in a wide variety of American workplaces Digital information systems have become important tools of managerial control The constraints built into these systems by so called business process reengineering are a continuation of scientific management principles developed during the late 19th century Additional means of control have included employment based welfare capitalism and human relations and corporate culture approaches This book provides fresh insight into various practices of managerial control from the 1880s to the present and their effects on work organization and quality and worker skill requirements The author highlights current developments including those focused on highly skilled knowledge workers accounting for enhanced automation offshoring and related changes in the production and distribution of goods and services

Global Firms and Emerging Markets in an Age of Anxiety Srinivas Prasad,Pervez N. Ghauri,2004-04-30 The terrorist attacks of September 11 2001 ushered in an age of anxiety along with the new century an anxiety that has affected the international business climate in a variety of subtle and not so subtle ways For one the cost of doing business internationally has increased for global firms and host countries alike For another understanding shifting geopolitical conditions in the developing world has become more crucial than ever to grasp if the world's multinationals whether of American British European or Japanese origin are to take the best advantage of new market opportunities These market opportunities are well within the experience range and grasp of the multinational consumer product and industrial firms as well as service enterprises But the same corporate methodologies that were employed in decades past are unlikely to be sufficient for the age of anxiety that is upon us The contributions assembled here offer the benefits of the collective wisdom of mature scholars with decades of consulting experience along with fresh ideas and new research hypotheses *Autocar & Motor* ,1993
