When catastrophe strikes, no matter how big or small, being ready and knowing what to do can be the difference between the loss of life and survival. *The Disaster Survival Guide: How to Prepare For and Surviving Floods, Fires, Earthquakes, and More* shows how to prepare and respond to any crisis, man-made or natural, wherever it might occur and however small or large it might be. Using what has been learned from previous disasters, this indispensable book illustrates how others survived past crises. Critical decisions faced during an emergency are considered: whether to stay or to go, where to go, how to stay informed, and more. Covering the basics, needs from food, water, and first aid to shelter, security, and self-defense, this informative guide walks readers through the steps it takes to create their own personal emergency action plan. It provides a catalog of the skills, tools, and items needed to endure and overcome a variety of situations and circumstances. It pinpoints hazards unique to different terrains, locations, situations, and settings too, and it helps identify and understand possible threats. Just as important as learning how to survive the worst is learning how to survive everyday emergencies ranging from bee stings, snakebites, and allergic reactions to house fires, gas explosions, and more. It's all important, and it's all in *The Disaster Survival Guide*. Truly essential, this fact-filled book takes a clear-eyed look at what to do should the worst happen.

Apocalypse Any Day Now Tea Krulos, 2019-04-02. Everyone always seems to be talking about the end of the world. Y2K, the Mayan apocalypse, blood moon, prophecies, nuclear war, killer robots, you name it. In *Apocalypse Any Day Now*, journalist Tea Krulos travels the country to try to puzzle out America's obsession with the end of days. Along the way, he meets doomsday preppers, people who stockpile supplies and learn survival skills, as well as religious prognosticators and climate scientists. He camps out with the Zombie Squad, who use a zombie apocalypse as a survival metaphor; tours the Survival Condos, a luxurious bunker built in an old Atlas missile silo; and attends Wasteland Weekend, where people party like the world has already ended. Frightening and funny, the ideas Krulos explores range from ridiculously outlandish to alarmingly near and present dangers.
