Advanced Information Systems Engineering Zohra Bellahsène, Michel Léonard, 2008-06-08 CAiSE 2008 was the 20thin the series of International Conferences on Advanced Information System Engineering This edition continued the success of previous conferences a success largely due to that fact that since its rst edition this series has evolved in parallel with the evolution of the importance of information systems in

economic development CAiSE has been able to follow and often to anticipate important changes that have occurred since 1978 when the rst CAiSE conference was organized by Arne S lvberg and Janis Bubenko In all these years modern businesses and IT systems have been facing an ever more complex environment characterized by openness variety and change Furthermore enterprises are experiencing ever more variety in their business in many dimensions In the same way the explosion of information technologies is overwhelming with a multitude of languages platforms devices standards and products Thus enterprises need to manage an environment to monitor the interplay of changes in the business processes in information technologies and at the ontological level in order to achieve a sustainable development of their information systems Enterprises must enter the era of sustainable information systems to face the important developmental challenges During all these years CAiSE researchers have been challenged by all these changes and the CAiSE conferences provide a forum for presenting and debating important scientic results. In fact CAiSE is positioned at the core of these tumultuous processes hosting new emerging ideas fostering innovative processes of design and evaluation developing new information technologies adapted to information systems creating new kinds of models but always being subject to rigorous scienti c selection Andar per Cantine 2025 - Tuscany.
