Conversations with Orhan Pamuk Erdağ Göknar,Pelin Kıvrak,2024-01-18 In over thirty interviews conducted between 1982 and 2022 *Conversations with Orhan Pamuk* reveals a writer of intense literary and political engagement Nobel laureate Orhan Pamuk b 1952 is a foremost practitioner of the global novel today His books have been translated into over sixty languages and sold over fifteen million copies globally The interviews in this volume open windows onto Pamuk s everyday life craft and process constituting an alternative literary history that provides insights into the novelist s influences method form and content These conversations reveal that a Pamuk novel is predicated on methodical research at times archival and scholarly investigative and journalistic or ethnographic They are necessarily instructive and edifying as much as they are entertaining providing a discursive space of literary history where writing politics and the everyday intersect and where the politics of literature can be located

Snow Orhan Pamuk,2011-10-18 From the Nobel Prize winner and the acclaimed author of *My Name is Red* comes a spellbinding story of a poet seeking his lost love in a remote Turkish town riven by religious conflict and cut off from the world by a blizzard Returning to Turkey from exile in the West Ka is driven by curiosity to investigate a surprising wave of suicides among religious girls forbidden to wear their head scarves in school But the epicenter of the suicides the eastern border city of Kars is also home to the radiant and newly divorced pek a friend of Ka s youth whom he has never forgotten and whose spirited younger sister is a leader of the rebellious schoolgirls As a fierce snowstorm descends on Kars violence between the military and local Islamic radicals begins to explode and Ka finds his sympathies drawn in unexpected and dramatic directions

Pamuk's Istanbul Pallavi Narayan,2022-04-28 This book reconstructs Istanbul through the prism of Orhan Pamuk s fiction It navigates the multiple selves and layers of Istanbul to present how the city has shaped the writings of Pamuk and has in turn been shaped by it Through everyday objects and architecture it shows how Pamuk transforms the city into a living museum where different objects converse along with characters to present a rich tapestry across space and time Further the monograph explores the formation of communal and literary identity within and around nation building narratives informed by capitalism and modernization The book also examines how Pamuk uses the postmodern city to move beyond its postmodern confines and utilizes the theories and universes of Bakhtin Benjamin and Foucault to open up his fiction and radically challenge the idea of the novel The volume will be of great interest to scholars and researchers of literature literary theory museum studies architecture and cultural studies and especially appeal to readers of Orhan Pamuk

Curious Lessons in the Museum Claire Robins,2016-05-13 Amongst recent contemporary art and museological publications there have been relatively few which direct attention to the distinct contributions that twentieth and twenty first

century artists have made to gallery and museum interpretation practices There are fewer still that recognise the pedagogic potential of interventionist artworks in galleries and museums This book fills that gap and demonstrates how artists have been making curious but none the less useful contributions to museum education and curation for some time Claire Robins investigates in depth the phenomenon of artists interventions in museums and examines their pedagogic implications She also brings to light and seeks to resolve many of the contradictions surrounding artists interventions where on the one hand contemporary artists have been accused of alienating audiences and on the other appear to have played a significant role in orchestrating positive developments to the way that learning is defined and configured in museums She examines the disruptive and parodic strategies that artists have employed and argues for that they can be understood as part of a move to re establish the museum as a discursive forum This valuable book will be essential reading for students and scholars of museum studies as well as art and cultural studies

Images of the Art Museum Eva-Maria Troelenberg, Melania Savino, 2017-02-06 In recent years the emerging field of museum studies has seen rapid expansion in the critical study of museums and scholars started to question the institution and its functions To contribute differentiated viewpoints to the currently evolving meta discourse on the museum this volume aims to investigate how the institution of the museum has been visualized and translated into different kinds of images and how these images have affected our perception of these institutions In this interdisciplinary collection scholars from a variety of academic backgrounds including art history heritage museums studies and architectural history explore a broad range of case studies stretching across the globe The volume opens up debate about the epistemological and historiographical significance of a variety of different images and representations of the Art Museum including the transformation or adaptation of the image of the art museum across periods

and cultures In this context this volume aims to develop a new theoretical framework while proposing new methodological tools and resources for the analysis of museological representations on a global scale

Dostoevskii's Overcoat: Influence, Comparison, and Transposition. Joe Andrew, Robert Reid, 2013-12-23 One of the most famous quotations in the history of Russian literature is Fedor Dostoevskii's alleged assertion that We have all come out from underneath Gogol's Overcoat Even if Dostoevskii never said this there is a great deal of truth in the comment Gogol certainly was a profound influence on his work as were many others Part of this book's project is to locate Dostoevskii in relationship to his predecessors and contemporaries However the primary aim is to turn the oft quoted apocryphal comment on its head to see the profound influence Dostoevskii had on the lives work and thought of his contemporaries and successors This influence extends far beyond Russia and beyond literature Dostoevskii may be seen as the single greatest influence on the sensibilities of the twentieth and twenty first centuries To a greater or lesser extent those concerned with the creative arts in the twentieth and twenty first centuries have all come out from under Dostoevskii's Overcoat

Displacing Fictions of Orhan Pamuk Hande Gürses, 2023-11-21 *Displacing Fictions of Orhan Pamuk* Beyond the Bridge questions the prevailing relevance and violence of the bridge metaphor for literature through new readings of Orhan Pamuk This book argues that despite its association with connection dialogue and reconciliation the bridge is an inherently violent structure that controls movement by regulating it Drawing on deconstruction and Derrida the author argues for a rethinking of the intrinsic connection between the bridge and the writings of Orhan Pamuk Exploring Pamuk's significance as an author of the world literature canon this book investigates the history and theory of the discipline as a bridge Identifying new metaphors in Pamuk's work Hande Gürses shows the political potential of moving beyond the bridge As people lands and ideas keep moving *Displacing Fictions of Orhan Pamuk* argues for an urgent need for new metaphors to understand and represent the realities of our contemporary world
