## **The Mydas Touch:**

The Mydas Touch Robert Lay, 2014-12-10 Once upon a time at a far far away Historically Black College named Chi an University there was a young man named Davia Richardson Davia Da V A Richardson a handsome black male from the city of Philadelphia was the cream of the crop at Chi an University Like a King with his subjects Davia also known as D was well respected and adored by his peers for his down to earth personality his good grades physically fit exterior and his ability to become successful in any area in his life he focused on except for relationships While away from Philadelphia for school Davia leaves the love his life to pursue higher education before being corrupted by the new found attention he was receiving from the women at Chi an Spiraling down this rabbit hole into a sexual rampage Davia becomes trapped within his one internal conflict between the sexual predator that he quickly became known as and his hometown love interest while also balancing his moral and religious beliefs However while digging a deeper hole for his self during his internal battles and sexual escapades Davia runs into a woman named Trischa a independent woman from Pittsburgh who is more than he can handle not only in bed but also emotionally Bodies and emotions flair before Davia unexpectedly begins to fall her Things get even more complicated when Davia s battle between his awakened sexual nature and love life switch to now having to choose between the woman he is now falling for and his high school sweet heart whom has been patiently waiting to finally start a relationship with him Feelings and bodies clash while emotions sizzle during Davia s desperate attempt to live happily ever after by understanding who he is and what woman he wants to be with In my modern version of the mythical story The Midas Touch filled poetry religion humor and sex the main character doesn t only lose the one he loves because of his greed but also gives women a deeper look into the complicated psyche of the male species and men some to dos and not to dos when dealing with the opposite sex Robert W Lay II author of *The Mydas Touch* *Later Middle English Literature, Materiality, and Culture* Brian Gastle, Erick Kelemen, 2018-04-12 The essays in this volume consider the ways in which material and intellectual culture both shaped and were shaped by the literature of late medieval England The first section Textual Material reflects on cultural and social issues generally referred to as the History of Ideas and how those ideas manifest in later medieval English texts Essays address for example affect in The Book of Margery Kempe rhetoric in Sir Gawain and the Green Knight anarchy in late medieval political texts and temporality in Gower s Confessio Amantis The essays in the second section Material Texts examine physical objects from pilgrim badges to manuscripts to money to early printed editions and the cultural behaviors associated with them interpreting these objects and exploring their connections to the important literary and political texts of the age such as Piers Plowman Lydgate s Troy Book and Chaucer s Canterbury Tales All of the essays in this collection emerge from the relationships and connections between the issues that characterize Jim Dean s work the cultural material and aesthetic aspects of later medieval English literature So too do they reflect a movement in medieval literary studies presaged by Dean s career of scholarship and teaching that critical approaches to literary texts are best

undertaken with an understanding of the complex cultural and historical milieu that defines both the production of those texts and the production of our own work on those texts      **Engineering Innovation and Design** Artde Kin-Tak

Michael Pincombe,1996 John Lyly Shakespeare s forerunner in English comedy wrote eight highly individual plays This study of the plays with each chapter devoted to a different play concentrates on the courtly aspects of Lyly s work he wrote all but one of his plays for court performance In particular it examines the relationship of Lylian drama to royal panegyric a kind of writing which he did much to establish However the plays also present a parody of panegyric and thus might also be said to have a counter courtly aspect      Neoplastic Diseases of the Blood Peter H. Guillaume de SALUSTE DU BARTAS,1611 The Classic Myths in English Literature and in Art Based Chiefly on Bulfinch's "Age of Fable" (1855) Charles Mills Gayley,1911 **The Classic Myths in English Literature and in Art Based Originally on Bulfinch's Age of Fable** Thomas Bulfinch,Charles Mills Gayley, Purpose of the Study Interwoven with the fabric of our English literature of our epics dramas lyrics and novels of our essays and orations like a golden warp where the woof is only too often of silver are the myths of certain ancient nations It is the purpose of this work to relate some of these myths and to illustrate the uses to which they have been put in English literature and incidentally in art The Fable and the Myth Careful discrimination must be made between the fable and the myth A fable is a story like that of King Log or the Fox and the Grapes in which characters and plot neither pretending to reality nor demanding credence are fabricated confessedly as the vehicle of moral or didactic instruction Dr Johnson narrows still further the scope of the fable It seems to be in its genuine state a narrative in which beings irrational and sometimes inanimate are for the purpose of moral instruction feigned to act and speak with human interests and passions Myths on the other hand are stories of anonymous origin prevalent among primitive peoples and by them accepted as true concerning supernatural beings and events or natural beings and events influenced by supernatural agencies Fables are made by individuals they may be told in any stage of a nation s history by a Jotham when the Israelites were still under the Judges 1200 years before Christ or by Christ himself in the days of the most critical Jewish scholarship by a Menenius when Rome was still involved in petty squabbles of plebeians and patricians or by Ph drus and Horace in the Augustan age of Roman imperialism and Roman letters by an sop well nigh fabulous to fabled fellow slaves and Athenian tyrants or by La Fontaine to the Grand Monarch and the most highly civilized race of seventeenth century Europe Fables are vessels made to order into which a lesson may be poured Myths are born not made They are born in the infancy of a people They owe their features not to any one historic individual but to the imaginative efforts of generations of story tellers The myth of Pandora the first woman endowed by the immortals with heavenly graces and of Prometheus who stole fire from heaven for the use of man the myth of the earthborn giants that in the beginning contested with the gods the sovereignty of the universe of the moon goddess who with her buskined nymphs

pursues the chase across the azure of the heavens or descending to earth cherishes the youth Endymion these myths germinating in some quaint and childish interpretation of natural events or in some fireside fancy have put forth unconsciously under the nurture of the simple folk that conceived and tended them luxuriant branches and leaves of narrative and blossoms of poetic comeliness and form The myths that we shall relate present wonderful accounts of the creation histories of numerous divine beings adventures of heroes in which magical and ghostly agencies play a part and where animals and inanimate nature don the attributes of men and gods Many of these myths treat of divinities once worshiped by the Greeks and the Romans and by our Norse and German forefathers in the dark ages Myths more or less like these may be found in the literatures of nearly all nations many are in the memories and mouths of savage races at this time existent But the stories here narrated are no longer believed by any one The so called divinities of Olympus and of Asgard have not a single worshiper among men They dwell only in the realm of memory and imagination they are enthroned in the palace of art     *The Classic Myths in English Literature and in Art* Charles Mills Gayley, 1911
