The Mysterious Force Vol Iv Mitch Mitchell:

The Mysterious Force Vol IV Richard Shinn, 2014-10-31 *The Mysterious Force VOL IV* Mitch Mitchell This is the second book in the Mysterious Force set devoted to the drumming artist Mitch Mitchell In his brief years playing with Jimi Hendrix he became one of the most important contributors to the progressive development of popular rock music At the same time he projected a significant influence forward into the vast spectrum of jazz rock musical development Part I of this book presents 124 pages of detailed drumming notation in ten movements This hand written notation is the result of intensive slow motion analysis accomplished over a period of many years This section will give the intermediate to advanced drummer some real time experience in the most unusual technical form that describes Mitchell s impressionistic style Part 2 presents selected passages from Part 1 that are projected into the author s unique Sound Column Display System SCDS This purely graphic driven teaching system will make it possible for anyone to begin to recreate the mystery of Mitchell s drumming even before being able to read music for the drums The SCDS is not intended to replace the conventional system of notation but provides a very accessible method of learning where the sound of the rhythm is established even before the formal notation is considered This book is for any level of drummer from beginning enthusiast to seasoned professional It will also prove to be extremely useful for the modern day composer who is looking for new ways to express rhythm Many of Mitchell s most articulate and extraordinary techniques have been carefully extracted and developed into readable form This is a book for drummers composers multi instrumentalists and educators

Every Day a Nightmare William H. Bartsch, 2010 In December 1941 the War Department sent two transports and a freighter carrying 103 P 40 fighters and their pilots to the Philipines to bolster Gen Douglas MacArthur s Far East Air Force They were then diverted to Australia with new orders to ferry the P 40s to the Philippines from Australia through the Dutch East Indies But on the same day as the second transport reached its destination on January 12 1942 the first of the key refueling stops in the East Indies fell to rapidly advancing Japanese forces resulting in a break in their ferry route and another change in their orders This time the pilots would fly their aircraft to Java to participate in the desperate Allied defense of that ultimate Japanese objective Except for the pilots from the Philippines almost all of the other pilots eventually assigned to the five provisional pursuit squadrons ordered to Java were recent graduates of flying school with just a few hours on the P 40 Only forty three of them made it to their assigned destination the rest suffered accidents in Australia were shot down over Bali and Darwin or were lost in the sinking of the USS Langley as it carried thirty two of them to Java Even those who did reach the secret field on Java wondered if they had been sacrificed for no purpose As the Japanese air assault intensified daily the Allied defense collapsed Only eleven Japanese aircraft fell to the P 40s Author William H Bartsch has pored through personal

diaries and memoirs of the participants cross checking these primary sources against Japanese aerial combat records of the period and supplementing them with official records and other American Dutch and Australian accounts Bartsch's thorough and meticulous research yields a narrative that situates the Java pursuit pilots' experiences within the context of the overall strategic situation in the early days of the Pacific theater
