CliffsNotes on Asimov's Foundation Trilogy & Other Works L. David Allen, 1977-05-18 The original CliffsNotes study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background, all to help you gain greater insight into great works you're bound to study for school or pleasure. In CliffsNotes on Asimov's Foundation Trilogy and Other Works, you explore the American author's original three Foundation books: the three Empire novels, *The End of Eternity*, and *The Gods Themselves*. The Foundation Trilogy, written between 1951-53, is celebrated science fiction writer Isaac Asimov's most famous work. In the three-book series, he portrays the ruin and rebirth of a futuristic interstellar empire. In this study guide, you'll find Life and Background on the Author, Introduction to Asimov's Science Fiction, and Critical Commentaries on *Foundation*, *Foundation and Empire*, and *Second Foundation*, plus a look inside the following other titles by this prolific writer: *Pebble in the Sky*, *The Stars Like Dust*, *The Currents of Space*, *The End of Eternity*, *The Gods Themselves*. Classic literature or modern-day treasure, you'll understand it all with expert information and insight from CliffsNotes study guides.

The Mature Student's Study Guide 2nd Edition Catherine Dawson, 2014-04-25 Studying as an adult is very different to your school experience. This book will give you the skills and confidence you need when returning to education as a mature student. You have decided to return to education, and now you may be worried that your study skills are not up to scratch. This inspiring and practical book has been written especially for you, whether you are considering a full-time course, part-time studies, evening classes, or distance learning, such as an Open University degree. It covers everything you need to know to succeed in your chosen course, including how to discover your learning style, improve your reading speed and memory, take notes, and get organised; improve your writing and mathematical skills; master research techniques; develop analytical skills; and gain marks in exams.

Disaster Studies Janki Andharia, 2020-03-25 This book covers several dimensions of disaster studies as an emerging discipline. It is the inaugural book in the series *Disaster Studies and Management* and deals with questions such as: Is disaster management a field of practice, a profession, or simply a new area of study? Exploring intersectionalities, the book also examines areas of research that could help enhance the discourse on disaster management from policy and practice perspectives, revisiting conventional event-centric approaches which are the basis for most writings on the subject. Several case studies and comparative analyses

reflect a critical reading of research and practice concerning disasters and their management The book offers valuable insights into various subjects including the challenge of establishing inter and multi disciplinary teams within the academia involved in disaster studies and sociological and anthropological readings of post disaster memoryscapes Each of the contributors has an enduring interest in disaster studies thus enriching the book immensely This book will be of interest to all the students and scholars of disaster studies and disaster management as well as to practitioners and policymakers

The Trials of Nina McCall Scott W. Stern, 2018-05-15 The nearly forgotten story of the fight against the American Plan a government program designed to regulate women's bodies and sexuality A consistently surprising page turner a brilliant study of the way social anxieties have historically congealed in state control over women's bodies and behavior New York Times Book Review Nina McCall was one of many women unfairly imprisoned by the United States government throughout the twentieth century Tens probably hundreds of thousands of women and girls were locked up usually without due process simply because officials suspected these women were prostitutes carrying STIs or just promiscuous This discriminatory program dubbed the American Plan lasted from the 1910s into the 1950s implicating a number of luminaries including Eleanor Roosevelt John D Rockefeller Jr Earl Warren and even Eliot Ness while laying the foundation for the modern system of women's prisons In some places vestiges of the Plan lingered into the 1960s and 1970s and the laws that undergirded it remain on the books to this day Nina McCall's story provides crucial insight into the lives of countless other women incarcerated under the American Plan Stern demonstrates the pain and shame felt by these women and details the multitude of mortifications they endured both during and after their internment Yet thousands of incarcerated women rioted fought back against their oppressors or burned their detention facilities to the ground they jumped out of windows or leapt from moving trains or scaled barbed wire fences in order to escape And as Nina McCall did they sued their captors In an age of renewed activism surrounding harassment health care prisons women's rights and the power of the state this virtually lost chapter of our history is vital reading **Notes from the Old Blair and Bush** Ernest Organic, 2008 Notes from the Old

Blair and Bush explores the world of organic farming the need for an organic economy and the effects that this is having on the world we live in With fear over climate change and the use of fossil fuels becoming ever more prevalent the organic farming industry is becoming more and important in our society As the industry grows has the ideal behind organic farming been lost What problems have been caused by the urgent demand for an organic economy Written with first hand experience of the industry Notes from the Old Blair and Bush looks at all these vital issues and much more **The Lost Colony: Pax Draconis Campaign #1** , **Continuing Medical Education Syllabus and Scientific Proceedings in Summary Form** ,1987 **Biomedical Index to PHS-supported Research: pt. A. Subject access A-H** ,1992 **The Illustrated sporting & dramatic news** ,1878 **Cumulated Index Medicus** ,1982 *Pandemic, Inc.* J. David McSwane,2023-03-14 This startling vital book deserves our attention San Francisco Chronicle For fans of War Dogs and Bad Blood an explosive look inside the rush to profit from the COVID 19 pandemic from the award winning ProPublica reporter who saw it firsthand The United States federal government spent over 10 billion on medical protective wear and emergency supplies yet as COVID 19 swept the nation life saving equipment such as masks gloves and ventilators was nearly impossible to find In this brilliant nonfiction thriller called revelatory by The Washington Post award winning investigative reporter J David McSwane takes us behind the scenes to reveal how traders contractors and healthcare companies used one of the darkest moments in American history to fill their pockets Determined to uncover how this was possible he spent over a year on private jets and in secret warehouses traveling from California to Chicago to Washington DC to interview both the most treacherous of profiteers and the victims of their crimes Pandemic Inc is the story of the fraudster who signed a multi million dollar contract with the government to provide lifesaving PPE and yet never came up with a single mask The Navy admiral at the helm of the national hunt for additional medical resources The Department of Health whistleblower who championed masks early on and was silenced by the government and conservative media And the politician who callously slashed federal emergency funding and gutted the federal PPE stockpile Winner of the Goldsmith Prize for Investigative Reporting McSwane connects the dots between backdoor deals and the spoils systems to provide the definitive account of how this pandemic was so catastrophically mishandled Shocking and monumental Pandemic Inc exposes a system that is both deeply rigged and singularly American **Biological & Agricultural Index** ,1988 **Modeling Differential Equations in Biology** Clifford Henry Taubes,2008-01-17 Based on a very successful one semester course taught at Harvard this text teaches students in the life sciences how to use differential equations to help their research It needs only a semester s background in calculus Ideas from linear algebra and partial differential equations that are most useful to the life sciences are introduced as needed and in the context of life science applications are drawn from real published papers It also teaches students how to recognize when differential equations can help focus research A course taught with this book can replace the standard course in multivariable calculus that is more usually suited to engineers and physicists **Imagining Crime** Dr Alison

Young, 1995-12-18 This book offers an original and challenging reading of the criminological complex: criminology, criminal justice, criminal law, the media, and everyday experiences in the light of cultural studies and feminist theory. Through an exploration of the crisis engendered by the failure of the criminological complex to solve the problems of crime and criminality, Alison Young exposes the cultural dimension of its institutions and practices. She analyzes the far-reaching effects of the cultural value given to crime, showing it to be rooted in a powerful nexus of the body, language, the community, and everyday life. *Imagining Crime* examines a number of key events and issues which have signalled shifts in the representation of crime. These include criminology's resistance to feminist intervention, the pleasures of reading detective fiction, ambiguities of victimization and social justice in the city, sacrificial structures in the law's response to conjugal homicide, policing the ethnicity of the illegal immigrant, defensive responses to the limits of representation in the Bulger affair, the governmental strategies of campaigns against single mothers, and the fatalism of the spectacle of HIV/AIDS in criminal justice policy.
