Universal Electronic Motorcycle Cruise Control:

Life is a Road, the Soul is a Motorcycle Daniel Meyer, 2003-03-05 I was on a lonely stretch of road There were no lights other than the moon and stars and I had not encountered any traffic in at least 10 minutes Far ahead of me a figure stepped out of the brush and stood on the shoulder of the road The figure was still far out of my headlight range but was visible as a stunning and marvelous silhouette in the bright moonlight Capturing the essence of the riding experience through a series of adventures and a candid look into the author's mind this book explodes the myths and shows the reader something few books have before the complex motivations of an avid motorcycle rider
