SEPULVEDA, CALIF.

SERVICE BULLETIN NO. 39
July 27, 1967

Cancels and Supersedes
Bulletin No. 38 dated 5/3/67

SUBJECT: Important Parts Ordering Information for Vox Dual
Manual Super Continental Organs.

Two versions of Dual Manual Super Continentals have been manufactured to date. The tone generators and several other components in these two series are not interchangeable. Therefore please specify the model number and serial number when ordering replacement parts.

These Models are V303J and V303E.

Tone Generators -- V303J

The model V303J uses the same tone generators as the model V301J (or V301E) and their part numbers are listed on the back of this bulletin.

The only difference is that an extra jumper wire is soldered to the tone generators when installed to provide a signal take off point from the 3th divider for the walking bass circuit. (Note: On the "C" tone generator a second jumper provides a take off from the 4th divider also as two octaves of the "C" note are required for the walking bass circuit.)

Tone Generators -- V303E

A photo of the new type tone generators for the model V303E is shown on the back of this bulletin. Also included is a chart specifying the part numbers of the individual tone generator assemblies.

As with all Vox Continental and Jaguar organs please specify the exact model number and serial number to insure prompt delivery of service parts.

Yours for Better Customer Service.
