**The Muses of Resistance** Donna Landry, 1990 In this challenging 1990 study Donna Landry shows how an understanding of the remarkable but neglected careers of laboring class women poets in the eighteenth century provokes a reassessment of our ideas concerning the literature of the period Poets such as the washerwoman Mary Collier the milkwoman Ann Yearsley the domestic servants Mary Leapor and Elizabeth Hands the dairywoman Janet Little and the slave Phyllis Wheatley can be seen adapting the conventions of polite verse for the purposes of social criticism Some of their strategies relate to earlier texts revealing ideological blind spots in the tropes of male poets Elsewhere they made interesting innovations in poetic form Mary Leapor's *Crumble Hall* for instance by attending to sexual politics extends the critique of aristocratic privilege in the country house poem beyond that of Pope and Crabbe In Ann Yearsley's verse landscape description historical narrative and philosophical meditation are infused with political comment Historically important technically impressive and often aesthetically innovative the poetic achievements of these plebeian women writers constitute an exciting literary discovery

Auden and the Muse of History Susannah Young-ah Gottlieb, 2022-12-13 Concentrating on W H Auden's work from the late 1930s when he seeks to understand the poet's responsibility in the face of a triumphant fascism to the late 1950s when he discerns an irreconcilable divorce between poetry and history in light of industrialized murder this startling new study reveals the intensity of the poet's struggles with the meanings of history Through meticulous readings significant archival findings and critical reflection Susannah Young-ah Gottlieb presents a new image and understanding of Auden's achievement and reveals how his version of modernism illuminates urgent contemporary issues and theoretical paradigms from the meaning of marriage equality to the persistence of fascism from critical theory to psychoanalysis from precarity to postcolonial studies The muse does not like being forced to choose between Agit prop and Mallarm Auden writes with characteristic lucidity and this study elucidates the probity humor and technical skill with which his responses to historical reality in the mid twentieth century illuminate our world today

Matrecano,2024-06-30 If you have ever wondered where the vast majority of those ancient stories of wars heroes kings queens slaves princesses beautiful women and horrible sorceresses that you have seen a thousand times on TV or on the big screen really come from well the answer is that almost all of them come from the pen of the Greek historian Herodotus of Halicarnassus and his Nine Books of History written two and a half thousand years ago Cultivating the Muse Ευφροσύνη Σπέντζου,Don Fowler,2002 A variety of critical approaches from an international cast of contributors offer an original appreciation of creativity in classical literature Whereas previous scholarship has portrayed the Muses as religious and

benign creatures the secularized muse figures explored here in a diverse corpus of Greek and Latin poetry are involved in a series of vibrant battles for inspiration      *Theocritus and his native Muse* Poulheria Kyriakou, 2018-10-08 Hellenistic poets opted and were very likely expected to deal meaningfully and perhaps competitively with the tradition they inherited They also needed to secure the goodwill of actual or potential patrons Apollonius the author of a novel heroic epic eschews references to literary polemics and patronage Callimachus often adopts a polemical stance against some colleagues in order to suggest his poetic excellence Theocritus chooses a third way which has not been investigated adequately He avoids antagonism but ironizes the theme of poetic excellence and distances himself from the tradition of competitive success He does not cast his narrators as superior to predecessors and contemporaries but stresses the advantages and merits of colleagues This rejection of conceit is connected with a major strand in Theocritean poetry the power of word including song to provide assistance to characters in distress is a major open issue Language is versatile and potent but not all powerful Song gives pleasure but is not a panacea while instruction and advice are never helpful and may even prove harmful Most genuine pieces are ambiguous and open ended so that the aspirations of characters are not presented as doomed to failure
