The Memory Of My Wardrobe:

The Memory of My Wardrobe ,2014-11-18 The Memory of My Wardrobe a project by Finnish photographer Ida Taavitsainen explores the personal narratives given to clothing inherited or simply handed down to her by her family Over the years she acquired a lot of clothes many once belonging to people she never knew her great great grandmother for instance but all with family ties The clothes interested her What were their histories What had they gone through before she started wearing them What stories do a ripped seam or the faded color of a fabric tell Here her carefully composed still life photographs and brief anecdotes tell a charming tale a family album full of stories but without people The Memory of Clothes Robyn Gibson,2015-02-03 Once hanging static in a wardrobe or folded away in a trunk in recent times clothes have found themselves thrown into the spotlight The crowds that are drawn to large scale fashion exhibitions staged with increasing frequency in galleries and museums around the world offer glimpses into the meaning that we attach to these items of clothing Apart from their aesthetic value clothes have the ability to evoke issues of identity of the relation of self to body and self to the world We are able to find ourselves through the experiences of delving into our wardrobes and remembering Clothes are thus layered with meaning since they have the power to act as memory prompts Woven into their fabric are traces of past experiences stitched into their seams are links to people we have loved and lost Viewed as visual objects clothing is not frivolous flippant or foolish In telling and talking about clothes we reveal much about ourselves our lives and the experiences that we drape around our bodies Whether bought or handmade passed down or reconstructed clothes help us to construct meaning as we remember those things in our lives that matter **The Memory Closet** Ninie Hammon,2014-06-07 From Ninie Hammon the sorceress of psychological suspense comes The Memory Closet an amnesiac nightmare that will keep you reading through the night with the all lights on Each memory could be her last When Anne Mitchell was 11 a horrific accident took the life of her little sister and every one of Anne's childhood memories went with her For 25 years people have told her that losing memories is normal Trauma will do that to a young girl But Anne knows it is a lie Dark fractured memories lurk in the shadows of her mind like monsters They glide past her mirror in the morning and dance in the reflection of her wine glass at night Anne has had enough She is going home to face her demons But in a small town and a small house infected by unspeakable evil Anne is about to learn that some memories don't give up their secrets so easily Some memories can't be bargained with or cajoled or brought to heel Some memories will drive you to the edge of sanity Some memories will kill you Fans of Dean Koontz and Stephen King looking for a dark gripping psychological thriller with a final twist that will put their jaw on the floor will love The Memory Closet *The Memory Spinner* C. the way for his verse translations with an introduction that explains what we know of S rd as and describes the basic structure of his poems For readers new to Krishna s world or to the subtleties of a poet like S rd as Hawley also provides a substantial set of analytical notes S r is the sun as a familiar saying has it and we feel the warmth of his light in these pages
