Christina Rossetti Lona Mosk Packer,2023-11-10 Christina Rossetti one of the most remarkable poets of the 19th century remains an enigmatic figure whose life and work continue to captivate readers While her brother William Michael Rossetti's interpretations have dominated biographies to date recent studies aim to uncover a deeper and more nuanced understanding of her inner world Rossetti's poetry rich with emotional and spiritual intensity often reveals glimpses of a life shaped by unspoken struggles and profound passions By examining her work and her connections including her relationships with figures like William Bell Scott a fresh perspective emerges suggesting that her experiences of love and conflict deeply influenced her creative energy and personal growth This exploration seeks to go beyond the surface of daily events to delve into the deeper internal currents of Christina's life Her poetry serves as a map to the intricate interplay of emotions and convictions that defined her as an artist and individual Through meticulous research and a sensitive approach this narrative reconstructs a portrait of a woman whose life was as richly textured and multifaceted as her verse In doing so it not only illuminates Christina Rossetti's enduring legacy but also honors her belief that truth tempered with tenderness is the ultimate tribute to a life fully lived This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1963 **A History of Italian Colonialism, 1860-1907** Giuseppe Finaldi,2016-11-10 This book provides a narrative history of Italian colonialism from Italian unification in the 1860s to the first decade of the twentieth century that is it details Italy's imperialism in the years of the Scramble for Africa It deals with the factors that drove Italy to search for territory in Africa in the 1870s and 1880s and describes the reasoning behind the trajectories adopted and objectives pursued The events that brought Italy to open conflict with the Ethiopian Empire

culminating in the Italian defeat at Adowa in March 1896 are central to the book. However its scope is much broader as it considers the establishment of Italian power in Eritrea as well as Somalia before and after the defeat. By telling its history it explains why Italy emerged irresolute and humiliated in this its first thrust into Africa yet nonetheless determined to pursue expansion in the future. The seeds for the conquest of Libya in 1911 and Ethiopia in 1935 had been sown. *McClure's Magazine*, 1912
