New Atlantis is an incomplete utopian novel by Sir Francis Bacon published in 1627 In this work Bacon portrayed a vision of the future of human discovery and knowledge expressing his aspirations and ideals for humankind The novel depicts the creation of a utopian land where generosity and enlightenment dignity and splendour piety and public spirit are the commonly held qualities of the inhabitants of the mythical Bensalem The plan and organisation of his ideal college Salomon's House or Solomon's House envisioned the modern research university in both applied and pure sciences **Renaissance Utopias and the Problem of History** Marina Leslie, 2019-05-15 Marina Leslie draws on three important early modern utopian texts Thomas More's *Utopia* Francis Bacon's *New Atlantis* and Margaret Cavendish's *Description of a New World Called the Blazing World* as a means of exploring models for historical transformation and of addressing the relationship of literature and history in contemporary critical practice While the genre of utopian texts is a fertile terrain for historicist readings Leslie demonstrates that utopia provides unstable ground for charting out the relation of literary text to historical context In particular she examines the ways that both Marxist and new historicist critics have taken the literary utopia not simply as one form among many available for reading historically but as a privileged form or methodological paradigm Rather than approach utopia by mapping out a fixed set of formal features or by tracing the development of the genre Leslie elaborates a history of utopia as critical practice Moreover by taking every reading of utopia to be as historically symptomatic as the literary production it assesses her book integrates readings of these three English Renaissance utopias with an analysis of the history and politics of reading utopia Throughout Leslie considers utopia as a fictional enactment of historical process and method In her view these early modern utopian constructions of history relate very closely to and impinge upon the narrative structures of history assumed by critical theory today **America As Empire** James Garrison, Jim Garrison, 2004-01-09 In this timely and telling book Garrison argues that the preoccupation with military expansion is a fatal mistake citing both FDR and Harry Truman as models for combining military power with institution building *One Book, The Whole Universe* Richard D. Interest Jill Phillips Ingram, 2013-10-18 Idioms of Self Interest uncovers an emerging social integration of economic self interest in early modern England by examining literary representations of credit relationships in which individuals are both held to standards of communal trust and rewarded for risk taking enterprise Drawing on women s wills merchants tracts property law mock testaments mercantilist pamphlets and theatrical account books and utilizing the latest work in economic theory and history the book examines the history of economic thought as the history of discourse In chapters that focus on The Merchant of Venice Eastward Ho and Whitney s Wyll and Testament it finds linguistic and generic stress placed on an ethics of credit that allows for self interest Authors also register this stress as the failure of economic systems that deny self interest as in the overwrought paternalistic systems depicted in Shakespeare s Timon of Athens and Francis Bacon s New Atlantis The book demonstrates that Renaissance interpretive formations concerning economic behaviour were more flexible and innovative than appears at first glance and it argues that the notion of self interest is a coherent locus of interpretation in the early seventeenth century The Rosicrucian Enlightenment Frances Yates, 2003-09-02 First Published in 1986 Routledge is an imprint of Taylor Francis an informa company

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club.
