The Night Off English Edition:

Night Battles (The) (Unabridged) ,2015 The Obscene Bird of Night José Donoso,2024-04-30 Newly revised and updated by Megan McDowell and with a new introduction by Alejandro Zambra at last the unabridged centennial edition of Donoso s terrifying masterpiece sees the light of day Deep in a maze of musty forgotten hallways Mudito rummages through piles of old newspapers The mute caretaker of the crumbling former abbey he is hounded by a coven of ancient witches who are bent on transforming him bit by bit into the terrifying imbunche a twisted monster with all of its orifices sewn up buried alive in its own body Once Mudito walked upright and spoke clearly once he was the personal assistant to one of Chile s most powerful politicians Jer nimo de Azcoit a Once he ruled over a palace of monsters built to shield Jeronimo s deformed son from any concept of beauty Once he plotted with the wise woman Peta Ponce to bed In s Jer nimo s wife Mudito was Humberto Jer nimo was strong In s was beautiful once upon a time Narrated in voices that shift and multiply The Obscene Bird of Night frets the seams between master and slave rich and poor reality and nightmares man and woman self and other in a maniacal inquiry into the horrifying transformations that power can wreak on identity Now star translator Megan McDowell has revised and updated the classic translation restoring nearly twenty pages of previously untranslated text that was mysteriously cut from the 1972 edition Newly complete with missing motifs restored plots deepened and characters more richly shaded Donoso s pajarito little bird as he called it returns to print to celebrate the centennial of its author s birth in full plumage as brilliant as it is bizarre The Annales, Or Generall Chronicle of England John Stow,Edmund Howes,1615

Made New Max Boot,2006-10-19 A monumental groundbreaking work now in paperback that shows how technological and strategic revolutions have transformed the battlefield Combining gripping narrative history with wide ranging analysis War Made New focuses on four revolutions in military affairs and describes how inventions ranging from gunpowder to GPS guided air strikes have remade the field of battle and shaped the rise and fall of empires War Made New begins with the

Gunpowder Revolution and explains warfare's evolution from ritualistic drawn out engagements to much deadlier events precipitating the rise of the modern nation state He next explores the triumph of steel and steam during the Industrial Revolution showing how it powered the spread of European colonial empires Moving into the twentieth century and the Second Industrial Revolution Boot examines three critical clashes of World War II to illustrate how new technology such as the tank radio and airplane ushered in terrifying new forms of warfare and the rise of centralized and even totalitarian world powers Finally Boot focuses on the Gulf War the invasion of Afghanistan and the Iraq War arguing that even as cutting edge technologies have made America the greatest military power in world history advanced communications systems have allowed decentralized irregular forces to become an increasingly significant threat International Military Digest ,1916
