Christianity is not a matter of a religion or even a denomination it is not a question of a particular culture Christ is there for all humanity from the book In the old mystery cultures individuals experienced themselves as children of the gods or even as their instruments According to Rudolf Steiner s spiritual science the birth of independent thinking did not arise until our present state of consciousness the awareness of one s individual self But who is this I Virginia Sease and Manfred Schmidt Brabant maintain that true self knowledge is intimately related to knowledge of the central being of world evolution Christ the I AM Focusing on the being of Christ and on Christianity the authors present a series of engaging lectures on the development of mystery wisdom today Having given an overview of the history of the mysteries in their book Paths of the Christian Mysteries the authors deepen and expand their study by drawing particular attention to the effect of the Christ mysteries Some essential themes of this new volume include the transformation of conscience the place of prayer and meditation and the significance of sacrifice today

The Etheric Ernst Marti,2020-12-17 Ernst Marti devoted his life to researching the etheric realm a subtle area that exists between the physical and spiritual Taking the numerous statements and references by Rudolf Steiner as his starting point Marti develops our understanding of the etheric world in various fields from the theory of knowledge to the natural world through to music the realm of colours eurythmy and medicine In doing so he proposes exciting bridges from the ancient and medieval worldview to the present and future of natural and spiritual science The Etheric explores the fourfold realm of the ethers Giving an overview of their cosmic origins in the evolution of the earth Dr Marti shows how the ethers work in phenomena of warmth light sound and organic life He brings a contemporary understanding and insight to the classical elements fire air water and earth as the media through which ethericity manifests and works in the world Four physical forces are also explored which as opposites to the ethers have a constant tendency to break down and annul what life giving ether creates Dr Marti then studies the shadow aspects of the ethers connected to what he terms the sub natural forces of electricity magnetism and nuclear force Given that the author was unable to complete this book in his lifetime his pupil and colleague Irmgard Rossmann edited the final version in the spirit of her teacher It is published here in two volumes with this first focusing on The World of the Ethers and the forthcoming volume on The World of Formative Forces

The Pyramids (New and Revised) Miroslav Verner,2021-01-04 An authoritative account by preeminent Egyptologist Miroslav Verner covering over 70 of Egypt s and Sudan s pyramids their historical and political significance updated in a magnificent new edition A pyramid as the posthumous residence of a king and the place of his eternal cult was just a single if dominant part of a larger complex of structures with specific religious

economic and administrative functions The first royal pyramid in Egypt was built at the beginning of the Third Dynasty ca 2592 2544 BC by Horus Netjerykhet later called Djoser while the last pyramid was the work of Ahmose I the first king of the Eighteenth Dynasty ca 1539 1292 BC Nearly two decades have passed since distinguished Egyptologist Miroslav Verner s seminal *The Pyramids* was first published In that time fresh explorations and new sophisticated technologies have contributed to ever more detailed and compelling discussions around Egypt s enigmatic and most celebrated of ancient monuments In this newly revised and updated edition including color photographs for the first time Verner brings his rich erudition and long years of site experience comes to bear on all the latest discoveries and archaeological and historical aspects of over 70 of Egypt s and Sudan s pyramids in the broader context of their more than one thousand year long development Lucidly written with 300 illustrations and filled with gripping insights this comprehensive study illuminates an era that is both millennia away and vividly immediate *The Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1895 *The Splendor of the Church in Mary* Theresa Marie Chau Nguyen,2023-05-05 Henri de Lubac SJ 1896 1991 is one of the most renowned theologians of the twentieth century Numerous studies have been undertaken to examine his many contributions to theology but little attention has been paid to the specific topic of the relationship of the Blessed Virgin Mary and the Church in his writings This was a topic that gave rise to contentious discussion at the Second Vatican Council and although the Council fathers approved the integration of Marian doctrine into the Dogmatic Constitution on the Church this synthesis of Mariology and ecclesiology has been largely neglected in theology today *The Splendor of the Church in Mary* retrieves de Lubac s Marian ecclesiology and revives an understanding and appreciation of its enduring influence at the Vatican Council and beyond The first part examines de Lubac s pre conciliar works which evince a steady biblical and patristic ressourcement of Marian themes It also explores his writings on Teilhard de Chardin s Eternal Feminine Christian mysticism and Amida Buddhism and discovers in them the essential building blocks of his Marian thought The second part turns to the Second Vatican Council and post conciliar developments Rereading the debates and texts of *Lumen Gentium* through a Marian lens brings to light the extent of de Lubac s influence *Méditation sur l'Eglise* 1953 his principal work on Mary and the Church anticipated the structure and content of *Lumen Gentium* a decade before the Council De Lubac s writings provided a theological compass for the Council fathers and they continue to provide direction and orientation for ecclesiological discourse today *The Splendor of the Church in Mary* culminates in a constructive analysis of one of the most pressing pastoral and ecclesiological questions of our times the question of the relationship of the universal and particular churches Directly engaging the crucial debate between then Cardinal Ratzinger and Cardinal Kasper it proposes that de Lubac s Mariology effectively offers a new perspective and a refreshing path forward Attentive to the mystical identification of Mary and the Church de Lubac s ressourcement has the potential to re enchant and advance contemporary theology in new and significant ways *Abraham Heschel and the Phenomenon of Piety* Joseph Harp Britton,2013-12-19 Piety is often

regarded with a pejorative bias a pious person is thought to be overly religious supercilious even Yet historically the concept of piety has played an important role in Christian theology and practice For Abraham Heschel piety describes the contours of a life compatible with God's presence While much has been made of Heschel's concept of pathos relatively little attention has been given to the pivotal role of piety in his thought with the result that the larger methodological implications of his work for both Jewish and Christian theology have been overlooked Grounding Heschel's work in Husserl Dilthey Schiller and Heidegger the book explores his phenomenological method of penetrating the consciousness of the pious person in order to perceive the divine reality behind it The book goes on to consider the significance of Heschel's methodology in view of the theocentric ethics of Gustafson and Hauerwas and the post modern context reflected in the works of Levinas Vattimo Marion and the Radical Orthodoxy movement

Bound for Beatitude A Thomistic Study in Eschatology and Ethics Reinhard Hütter, 2019 *Bound for Beatitude* is about St Thomas Aquinas's theology of beatitude and the journey thereto Consequently the work's topic is the meaning and purpose of human life embedded in that of the whole cosmos This study is not an antiquarian exercise in the thought of some sundry medieval thinker but an exercise of ressourcement in the philosophical and theological wisdom of one of the most profound theologians of the Catholic Church one whom the Church has canonized granted the title Doctor of the Church and for a long time regarded as the common doctor This exercise of ressourcement takes its methodological cues from the common doctor hence it is an integrated exercise of philosophical dogmatic and moral theology Its specific theological topic the ultimate human end perfect happiness beatitude and the journey thereto stands at the very heart of St Thomas's theology Far from being passé his theology of beatitude is of urgent pertinence as the crisis of humanity and of creation and the exile of God seems to approach its apogee By way of a presentation interpretation and defense of Thomas Aquinas's doctrine of beatitude and the journey thereto *Bound for Beatitude* advances an argument based on four theses 1 The loss of a theology of beatitude has greatly impoverished contemporary theology In order to succeed and flourish theology must recover a sound teleological orientation 2 In order to recover a sound teleological orientation theology must recover metaphysics as its privileged instrument 3 Thomas Aquinas provides a still pertinent model for how theology might achieve these goals in a metaphysically profound theology of beatitude and the beatific vision Finally 4 Aquinas's rich and sophisticated account of the virtues charts the journey to beatitude in a way that still has analytic force and striking relevance in the early twenty first century
