Morgan, 1992 The Oxford Illustrated History of Tudor & Stuart Britain John Stephen Morrill,1996 Two centuries of dramatic change are covered by this exciting and richly illustrated work Eighteen leading scholars explore the political social religious and cultural history of the period when monarchs based in south east England imperfectly attempted to extend their authority over thewhole of the British Isles These centuries witnessed the Reformation the civil wars and two revolutions in which two monarchs two wives of a king and two archbishops of Canterbury were tried and executed and hundreds of men and women tortured and burned in the name of religion Yet in the same period an explosion of literacy and the printed word transformations in landscapes and townscapes new forms of wealth new structures of power and new forms of political participation freed minds and broadened horizons.
