The Pangs Of Love Abacus S English Edition:

The Pangs Of Love Jane Gardam,2012-03-01 With her customary accuracy Jane Gardam reveals the extraordinariness of ordinary people as she deals with the pangs of love fulfilled or hopeless sexual or spiritual tortured or hilarious in these eleven stories Paraded here are ladies with a thing about vicars strange events happening in ornate downstairs lavatories and in ornate upstairs ones and the English abroad desperate and dotty The glum and impossible Edna haunts the supermarket and dispenses an unlikely kiss of life The younger sister of Hans Christian Andersen s Little Mermaid declares her sibling very silly and turns her story on its tail an old maid forms a curious liason with a tramp and small moments of temptation fill hotel rooms as histories glance briefly off each other

Edinburgh Companion to the Short Story in English Paul Delaney,2018-02-01 Provides a clear introduction to the key terms and frameworks in cognitive poetics and stylistics

Narrative Comprehension Catherine Emmott,1997 Despite the current explosion of interest in cognitive linguistics there has so far been relatively little research by cognitive linguists on narrative comprehension Emmott draws on insights from discourse analysis and artificial intelligence to present a detailed model of how readers build maintain and use mental representations of fictional contexts and how they keep track of characters and contexts within a complex changing fictional world The work has implications for linguistic theory since it questions several long held assumptions about anaphora arguing for a levels of consciousness model for the processing of referring expressions The book begins with a summary of current issues in text processing theory and a discussion of the methodological importance of recognizing the hierarchical structure of discourse The core of the book explores the significance of contextual monitoring in narrative comprehension and looks particularly at the cognitive demands placed on readers by flashbacks Later chapters examine the implications of contextual monitoring for reference theory and for a literary linguistic model of narrative text types The study focuses on anaphoric pronouns in narratives assessing the accumulated knowledge required for readers to interpret these key grammatical items
