Integrating Virtual and Traditional Learning in 6-12 Classrooms Sandra Schamroth Abrams,2014-09-19 *Integrating Virtual and Traditional Learning in 6 12 Classrooms* introduces a model of layered literacies as a framework for describing and illustrating how students

digital experiences can inform educational methods Through the lens of layered literacies educators can envision opportunities to draw upon adolescents out of school interests and activities to meaningfully integrate digital practices within academic contexts Such an approach facilitates innovative teaching inspired learning and successful pedagogy and it thoughtfully highlights the role of technology within mandated standards based instruction in public schools Combining foundational and contemporary theories supported by data from multiple studies of adolescent learning and honoring teachers and students experiences and resources this text helps educators reconceptualize the ways students learn through and with digital texts and negotiate the connection between online and offline spaces A companion website extends the discussion onto the screen engaging readers in an intertextual approach to learning that complements the concept of layering literacies across disciplines With a foreword by Jennifer Rowsell and an afterword by Bill Cope and Mary Kalantzis it will be of interest to experienced educators and administrators as well as postgraduate graduate and undergraduate students of education

STEAM Meets Story Gloria D. Campbell-Whatley,Diane Rodriguez,Jugnu Agrawal,2021 This innovative STEAM guide will help general and special education teachers to increase effective instruction with adolescents grades 5 10 The authors show teachers how to link STEM concepts with popular fiction and film selections as a catalyst to launch student interactions discussions projects and investigations This approach will promote problem solving and reasoning skills by initiating the scientific process rather than simply presenting established facts The book includes a wealth of lesson plans that connect abstract STEM ideas to realistic experiences that students encounter Sample lessons call on students to produce drawings and models that move STEM to STEAM Grounded in popular film and the 31 books most read by adolescent students the text includes teaching strategies found to be effective with traditionally underserved students and those with disabilities Book Features Standards based STEM lessons are interrelated and interwoven with writing reading speaking and other skills Practical ideas and hands on activities for engaging adolescents in both traditional and virtual environments Guidance for working with diverse populations such as students with different abilities culturally and linguistic diverse students translingual students and transnational students Includes full lessons templates and handouts

Teaching with Dystopian Text Michael Arthur Soares,2023-10-10 Teaching with Dystopian Text propounds an exchange of spatial to pedagogical practices centered around Orwellian Spaces signaling a new utility for teaching with dystopian texts in secondary education The volume details the urgency of dystopian texts for secondary students providing theoretical frameworks classroom examples and practical research The function of dystopian texts such as George Orwell s 1984 as social and political critique is demonstrated as central to their power Teaching with Dystopian Text Exploring Orwellian Spaces for Student Empowerment and Resilience makes a case that dystopian texts can be instrumental in the transfer of spatial practices to pedagogical practices Pedagogical application creates links between the text and the student through defamiliarization connecting the student to practices of resistance in the space of the classroom The volume also addresses

the challenges of teaching dystopian text in a dystopian educational climate including the COVID 19 lockdown In addition to appealing to scholars and researchers of literacy education language education and dystopian text this book will also be a powerful yet accessible resource for secondary teachers as they address dystopian concerns with students in the complicated twenty first century
