Why did Pony get so confused when he was waiting in the waiting room for news?

Because of the reporters who fired one question right after another.

What did Sodapop do?

He kept the reporters in stitches. He grabbed one guy's press hat and another's camera and walked around interviewing the nurses and mimicking TV reporters

What did Jerry Wood tell Pony about his brothers?

He told him that if they hadn't been so good-looking, they wouldn't have taken so many pictures

Who was really getting a kick out of all this?

Sodapop. He reminded Pony a colt that has to get his nose into everything

How did Pony feel? What about Darry?

Pony felt lousy. Darry was exhausted

**Mothers on the Margin?** E. Anne Clements, 2014-05-01  
The Gospel of Matthew opens with a patrilineal genealogy of Jesus that intriguingly includes five women Tamar Rahab Ruth she of Uriah and Mary  
In a gospel that has a strongly Jewish and male orientated outlook why are women incorporated  
In particular why include these four Old Testament women alongside Mary  
Rejecting traditional as well as feminist views Anne Clements undertakes a close literary reading of the narratives to discern how each woman is characterized and presented  
All are significant scriptural figures on the margins of Israelite society  
From this intertextual world established by Matthew Clements explores why Matthew may have named these women in the opening genealogy and what implications their inclusion may have for the ongoing gospel narrative  
Mothers on the Margin argues that Matthew's Gospel contains a counter narrative focused on women  
The presence of the five women in the genealogy indicates that the birth of the Messiah will bring about a crisis in Israel's identity in terms of ethnicity marginality and gender  
The women signal that Matthew's Gospel is concerned with the construal of a new identity for the people of God

**Between Politics and Markets** Yi-min Lin, 2001-12-17

Lin reveals their concurrent development through an account of how

industrial firms competed their way out of the plan through exchange relations with one another and with state agents He argues that the two markets were mutually accommodating that the political market grew also from a decay of the state s self monitoring capacity and that economic actors competition for special favors from state agents constituted a major driving force of economic institutional change **Missing May Lit Link Gr. 4-6** ,
