Sinkovics,Mehdi

Boussebaa,Margaret Fletcher,2024-02-27 The Sustainable Development Goal SDG 8 aims to promote sustained inclusive and sustainable economic growth full and productive employment and decent work for all The twelve associated targets call for action in a number of interconnected domains that are of great relevance for global governance international business and

international entrepreneurship However the Covid 19 pandemic and geopolitical issues such as war the climate crisis and associated humanitarian catastrophes highlight just how fragile progress towards inclusive and sustainable growth is Global disruptions in supply chains and an increase in national protectionism prompts questions whether global value chains should be shortened and re localised to reduce risks This book examines the policy issues and practitioner perspectives on the role of International Business in the achievement of SDG 8 targets in the current global climate Covering topics such as the technological upgrading and innovation the formalisation and growth of micro small and medium sized enterprises the decoupling of economic growth from environmental degradation as well as from the exploitation of workers and employees including women children migrants persons with disabilities and other minorities this is a vital resource for scholars and students interested in exploring international business and grand societal challenges *Meeting Expectations in Management Education* Elizabeth Christopher, 2018-05-25 This book brings together a variety of international cross cultural case studies of management education programmes and discusses the results in light of the present higher social expectations on managerial behaviour It presents both traditional and unusual approaches to management education examining concept mapping transformational learning theory the practice theory gap cultural indoctrination and business students increased concern with socio ecological sustainability It moves from restating the purpose of university business schools to discussing the construction of conducive learning environments on introductory courses and of communities of learning through harmonised teaching In addressing the social and ethical problems that will soon confront all managers *Meeting Expectations* is a valuable resource for teachers students and practitioners *Intercultural Communication* Ling Chen, 2017-04-10 This handbook takes a multi disciplinary approach to offer a current state of art survey of intercultural communication IC studies The chapters aim for conceptual comprehension theoretical clarity and empirical understanding with good practical implications Attention is mostly on face to face communication and networked communication facilitated by digital technologies much less on technically reproduced mass communication Contributions cover both cross cultural communication implicit or explicit comparative works on communication practices across cultures and intercultural communication works on communication involving parties of diverse cultural backgrounds Topics include generally histories of IC research theoretical perspectives non western theories and cultural communication specifically communication styles emotions interpersonal relationships ethnocentrism stereotypes cultural learning cross cultural adaptation and cross border messages and particular context of conflicts social change aging business health and new media Although the book is prepared for graduate students and academicians intercultural communication practitioners will also find something useful here *Virtual Teams Across National Borders* Marin A. Marinov, 2023-11-03 Virtual teams can be traced back to the 1990s with the debauched development of communication technologies as well as the fast extension of the internet Virtual teams possess unique features allowing them to combine cultural multiplicity specific tasks physical remoteness of team members

continuous distant communication critical interdependence of tasks leadership cohesion empowerment confidence virtuality special trust creation and trust building For a successful functioning of present day organisations they need to employ geographically dispersed labour force Creating virtual teams functioning across national borders organisations secure the most competent talent available world wide Employing the best available know how virtual teams apply the knowledge of experts from various cultures having diverse capabilities as well as varied perceptions on dealing with multiple organisational challenges from strategic perspectives Compositions of virtual teams operating across national borders alter depending on types of industry organisation and organisational unit International virtual teams functioning across national borders perform from practically everywhere all over the world if there is a secure and constant internet connection This book is dedicated to offering a comprehensive outlook and analysis of the theoretical and practical aspects related to the creation of virtual teams across national borders as well as the specifics of their implementation The research published as chapters in the book allow the detection of the key aspects and trends concerning the creation and performance of virtual teams across national borders The book presents topics not being investigated in depth so far or not researched at all The purpose of the book is to fill in certain gaps in the existing research and subsequent publications referring to a broad variety of issues concerning theoretical and empirical fundamentals of the creation of virtual teams and their functioning across national borders the role of virtual intelligence in relation to distance interpretation in international virtual teams geography of virtual teams in relation to digital nomads communication in virtual teams creation of communal identity via implementation of virtual teams tax implications for virtual work among numerous other issues      **The Palgrave**

**Handbook of Family Firm Internationalization** Tanja Leppäaho, Sarah Jack, 2021-05-29 Family Firms FFs form the majority of all firms around the world and they account for an enormous percentage of the employment the revenue and the GDP of most capitalist countries While MNCs have long been thought of as the main contributors to international business it is now recognised that a substantial number of family firms are active in the international arena This handbook focuses on the features which make family firm internationalization unique Chapters provide FF specific theories and cover the process of FF internationalization It examines the role of network ties and provides an insight into the development of family firms that have grown into big multinationals Importantly this Handbook equips you with a better understanding of specific features of family firms as they internationalize from or to Asian or emerging markets Family firms offer a fruitful context to study internationalization through a process perspective therefore this Handbook is an invaluable source of knowledge for students scholars and policy makers in the areas of family business entrepreneurship and internationalization      *Education Abroad* Erin A. Mikulec, Samantha Potempa, Kara Pike Inman, 2021-01-01 Education abroad is an essential part of the university student experience Initiatives such as IIE s Generation Study Abroad encourage more U S undergraduate and graduate students to study abroad According to the Open Doors 2019 Report by the Institute for International Education IIE

341 751 students participated in post secondary education abroad programs during the 2017 2018 academic year This figure represents an increase of 2 7% of U S students studying abroad from the previous year Research shows that education abroad provides students with opportunities not only to see the world but also to develop intercultural competence which is increasingly crucial in the 21st century workplace There are also numerous studies that show gains in autonomy confidence and tolerance for ambiguity in students who complete some type of study abroad experience In sum the education abroad experience in itself represents a powerful learning environment that continues to support personal and professional development long after returning home Nonetheless these learning environments must be cultivated along with faculty who develop and lead programs as well as university partners and providers Furthermore education abroad programming and assessment is complex and must take into consideration many factors including academic goals purposeful curricular development and a balance between academics and leisure activities on site This book explores the many aspects of education abroad as a learning environment such as student learning outcomes faculty development and program assessment and evaluation In addition several chapters present education abroad experiences as a model for community engagement and activism The authors represent a diverse range of institutions and perspectives and discuss programs around the globe The book represents the voices of faculty that lead education abroad programs students who participate in them and also those of international students on a U S campus reflecting on their personal experiences abroad Furthermore this book contributes to the discussion of best practices to assist faculty and program directors in creating robust education abroad programs that meet the needs of their students and institutions
