The New View Over Atlantis:

The New View Over Atlantis John Michell, 2013-11-01 John Michell's highly controversial *The View Over Atlantis* was first published in 1969. This unrivaled introduction to megalithic science, earth mysteries, and sacred geometry was expanded and updated in *The New View Over Atlantis* in 1983. Now available in a fresh new package, this classic seminal work offers an impressive body of evidence and arguments to support the theory that at one time many thousands of years ago there was a worldwide highly sophisticated civilization that Plato referred to as Atlantis. Michell, one of the premier esoteric writers of the 20th century, reveals that ancient stone monuments and earthworks found around the globe are not randomly strewn but are a well-executed system of psychic centers connected worldwide and used by the people of Atlantis. Michell also demonstrates the significant modern discovery of leys, a mysterious network of straight lines that link the ancient places around the world. He carefully and thoroughly documents the research that points to these ancient sites as places of high magic.

The New View Over Atlantis John Michell, 2001. An introduction to megalithic science, earth mysteries, and the inner meaning of number and measure. It supports the theory that at one time many thousands of years ago there was a world-wide sophisticated civilization which Plato referred to as Atlantis.

Completing our conscious evolution by releasing our collective fear of catastrophes Explains how we are on the cusp of an era of incredible creative growth Shows how we are about to overcome the collective fear caused by ancient catastrophes as we awaken to the memories of our lost prehistory Examines legendary cataclysms and scientific evidence of a highly advanced global culture that disappeared 11 500 years ago In this completely revised and expanded edition of Catastrophobia bestselling author Barbara Hand Clow explains how we are on the cusp of an age of incredible creative growth made possible by restoring our lost prehistory Examining legendary cataclysms such as the fall of Atlantis and the biblical Flood and the mounting geological and archaeological evidence that many of these mythic catastrophes were actual events she reveals the existence of a highly advanced global maritime culture that disappeared amid great earth changes and rising seas 14 000 to 11 500 years ago nearly causing our species extinction and leaving humanity s collective psyche deeply scarred Tracing humanity s reemergence after these prehistoric catastrophes Clow explains how these events in the deep past influence our consciousness today Guided by Carl Johan Calleman s analysis of the Mayan Calendar she reveals that as the Earth s 26 000 year precessional cycle shifts our evolution is accelerating to prepare us for a new age of harmony and peace She explains how we are beginning a collective healing as ancient memories of prehistory awaken in our minds and release our unprocessed fear Passed from generation to generation this fear has been responsible for our constant expectations of apocalypse She shows that by remembering and moving beyond the trauma of our long lost past we bring the era of cataclysms to an end and cross the threshold into a time of extraordinary creative activity End Times to 2019 David Montaigne, 2013-01-09

Does the end of the Mayan Calendar start the countdown to Judgment Day Biblical and historical researcher David Montaigne concludes that this is the case He says that the end of the Mayan Long Count is the official start of the Bible s seven year tribulation both were focused on the same astronomical events that occur from 2012 to 2019 The world as we know it will be gone by 2020 Texts from ancient India tell us about great cycles of destruction The Egyptians told the same basic story with different names The Maya reveal another version of the story and were very clear about the timing of events from December 2012 to 2019 Your average American is no expert on these cultures but most people do have a Bible at home and the clearest details on what is about to happen can be found in the Bible if you don t let someone else tell you which parts you should focus on No this isn t what you were taught in Sunday school Religious leaders guide us between the raindrops of curious comments in the Bible We are discouraged from focusing on the parts they say we weren t meant to understand But if we stop glossing over these important passages we will understand a flood of details about the End Times

Our leaders are not ignorant of these events The elite already know what is about to happen and they have made preparations most rational people would not believe because evidence is suppressed to avoid chaos They want us to remain ignorant or at least to believe that the details are secrets that cannot be known But the coming events and their timing are not secrets Years ago this book s publication would not have been tolerated by those in power But by now it doesn t matter much their plans are not going to be interfered with at this point Your plans however can still be formulated if you make the choice to understand Topics include Bible Prophecy Matthew 24 36 Knowing the hour and the day The Mayan Calendar and Mythology Pole Shifts Galactic Superwaves Ancient Egypt Ancient India World Mythology The Georgia Guidestones The real Star of Bethlehem and the exact birthday of Christ Calculating the Second Coming and Judgment Day more [The Occult Mind](#) Christopher I. Leonora Leet, 2004-09-29 Presents a new understanding of the laws of cosmic manifestation through the sacred geometry of the Sabbath Star diagram Explores three higher levels of consciousness above the four worlds of the classical Kabbalah Reveals the mathematical code of the laws of all cosmic manifestation This landmark work by an innovative modern Kabbalist develops a scientific model for kabbalistic cosmology and soul psychology derived from the kabbalistic diagram of the Tree of Life and the author s own Sabbath Star diagram a configuration of seven Star of David hexagrams This geometric model begins with the four worlds of the classical Kabbalah which bring us to the present time and birthright level of the soul and is then expanded to three higher enclosing worlds or levels of evolving consciousness The Sabbath Star diagram therefore accommodates both the emanationist cosmology of the earlier Zoharic Kabbalah and the future orientation of the later Kabbalah of Isaac Luria The hexagram elements that construct each expansion of the Sabbath Star diagram configure the cosmic stages of each of its worlds The matrix that is produced by these construction elements configures the level of the multi dimensional soul that is correlated with each cosmic world In its final stage this model unites the finite and infinite halves of the Sabbatical world in a way that exemplifies the secret doctrine of the Kabbalah Not only does this work offer a new inclusive model for the Kabbalah but it also provides a basis for complexity theory with its final extrapolation to infinity The universality of this model is further shown by its applicability to such other domains as physics sociology linguistics and human history This universal model encodes the laws of all cosmic manifestation in terms that are particularly coherent with the formulations of the Kabbalah giving a mathematical basis to many aspects of this mystical tradition and providing a new synthesis of science and spirituality for our time that may well write a new chapter to the Kabbalah Jesus Tricia

The Re-Enchantment of the West Christopher Partridge,2005-03-04 As a book about emergent spirituality in the contemporary West it focuses on the nature evolution and significance of new forms of religion and alternative spiritualities Part One of the book provides the theoretical background and guides the reader through some of the principal debates After an overview of the secularization thesis which argues that the West is becoming increasingly disenchanted the second chapter turns to the sociological analysis of new religions and alternative spiritualities Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch especially his enigmatic analysis of the emergence mystical religion which presciently provides helpful insights into understanding the contemporary alternative religious milieu Against sociologists such as Bryan Wilson and Steve Bruce this and the subsequent chapter argues that rather than being insignificant new forms of spirituality are actually proving to be a significant part of Western re enchantment Chapter 3 constructs a general theory of the re enchantment of the West Chris Partridge argues that Western Society is permeated by a broad occulture by which he means a reservoir of ideas beliefs theories and practices to which new religions unorthodox spiritualities film and popular music all draw attention This re enchantment of the West should not be seen as a superficial secondary development in the shadow of Christianity In many ways it is a religious phenomenon in its own right Partridge s arguments in this regard are well put and I warmly welcome this timely book Mikhael Rothstein University of Copenhagen Denmark
