Divine Authenticity of the Book of Mormon Orson Pratt,1850 Divine Truth or Human Tradition? Patrick Navas,2011-07-07 In Divine Truth or Human Tradition the author critically examines the viewpoints and Scripture expositions of prominent evangelical scholars and apologists including Dr James R White author of The Forgotten Trinity Dr John MacArthur President of The Master s Seminary Wayne Grudem author of the widely read Systematic Theology Robert Morey author of The Trinity Evidence and Issues Robert L Reymond author of A New Systematic Theology of the Christian Faith and others According to what has long been considered mainstream Christian orthodoxy the doctrine of the Trinity the idea that the one God of the Bible is a singular being made up of three coequal and coeternal persons is not only central to the Christian faith but even necessary for one to accept in order to be counted as a true Christian and be saved Such a demand on a Christian s faith has come across as strange and perplexing to many especially so in light of the fact pointed out by one respected Trinitarian The Trinity is not clearly or explicitly taught anywhere in Scripture yet it is widely regarded as a central doctrine indispensable to the Christian faith In this regard it goes contrary to what is virtually an axiom that is a given a self evident truth of biblical doctrine namely that there is a direct correlation between the scriptural clarity of a doctrine and its cruciality to the faith and life of the church Millard J Erickson God in Three Persons p 11 Emphasis added Understandably this fact has raised questions in the minds of Christians and truth seekers alike ever since the doctrine was first articulated in the late 4th century Many Christians have wondered How can a doctrine that is not clearly or explicitly taught in the Bible be necessary to accept in order to be a true practitioner of the Christian faith **Divine authenticity of the Book of Mormons [originally published as a translation by Joseph Smith].** Orson PRATT,1851 **The Origin of Divine Christology** Andrew Ter Ern Loke,2017-07-03 This book offers a new contribution by addressing alternative hypotheses and previously neglected evidence using transdisciplinary tools Divine Footprints William P.

Payne, 2025-03-12 Is there a unifying key that enables Christians to interpret the Bible and see the guiding hand of God in history Professor William Payne says there is He calls it the missional hermeneutic It is a grand design Design implies a designer Others call it the mission of God Always and forever God is pursuing his plan Payne contends that the Scriptures and human history show God's purposes illuminate his unfolding plan and point to his end goal This book unpacks the missional hermeneutic and teaches readers how to apply it to Bible interpretation and historical analysis For example his lengthy chapter on Acts masterfully uncovers how God and the heavenly powers interacted as the church took the gospel from Jerusalem to the heart of the Roman Empire per God's directions Other chapters show how God messages history and works through it to accomplish his will Payne calls it seeing God's footprints In short this book shows you how to grasp the big picture and align yourself with God's work New Church Essays on Science, Philosophy and Religion ,1854 The Conclusion of the New Testament Witness Lee,1985
