Source Material (Provide a direct quotation or paraphrase and a parenthetical citation)	Page #	Respond, Analyze, and Evaluate (Why do you find this passage interesting or important?)
<p>(What are you analyzing?)</p> <p style="text-align: center;"><i>Simile</i></p> <p>“The snow was like a carpet, very gentle, very warm” (83).</p>	83	<p><i>I can picture the men standing in the concentration camp, watching the snow blanket the ground. It is silent there. The snow-covered ground is smooth and soft. Wiesel describes the snow as being “gentle” and “warm.” This comparison is not what one would expect. Standing barefoot in the snow would be very painful. The cold would cut deep into one’s feet. So why does he say it is warm? Maybe his feet are frozen, numb to the pain. Perhaps the snow provides insulation from night’s bitter cold. This comparison creates a sense of peace, a moment without terror and fear. It is as if he is home again, safe and warm. 111 words</i></p>
<p>(What are you analyzing?)</p> <p style="text-align: center;"><i>Personification/Internal Conflict</i></p> <p>“Death wrapped itself around me till I was stifled. It stuck to me. I felt that I could touch it. The idea of dying, of no longer being, began to fascinate me. Not to exist any longer” (82).</p>	82	<p><i>This is a sad moment for Elie. He has fought to survive, but cannot fight any longer. I can’t imagine being fourteen and wanting to die. I can’t imagine being fourteen and losing my family, my dignity, my soul. What a tragedy. In this passage, Wiesel personifies death to show the control it has over those who are suffering in the camps. In this case, Death silences Elie, overpowering his will and subduing his hope of survival. Elie is conflicted. He wants to survive. He wants to take care of his father. But he doesn’t know how much more he can take. This is important because we see that Elie has reached a breaking point. Death has come for him so many times but has failed. This time, however, Elie is too tired to run, too tired to fight. He has had enough. Death is offering a gift—an escape from this hellish existence. 153 words</i></p>

Intellectual Shamans, Wayfinders, Edgewalkers, and Systems Thinkers: Building a Future Where All Can Thrive Sandra Waddock,Malcolm McIntosh,Judith Ann Neal,Edwina Pio,Chellie Spiller,2024-11-01 This special issue of the Journal of Corporate Citizenship honours the voice of the Changemaker Wayfinder Edgewalker and Intellectual Shaman in particular It is contended that we can all become Shamans Wayfinders and Edgewalkers if we open up to the possibility that our work whatever it is is part of the healing process With contributions from North America Europe Africa and Australasia this issue addresses the ideas of corporate citizenship from perspectives entirely removed from the mainstream *The Benjamin Files* Fredric Jameson,2022-03-22 Jameson s first full length engagement with Walter Benjamin s work The Benjamin Files offers a comprehensive new reading of all of Benjamin s major works and a great number of his shorter book reviews notes and letters Its premise is that Benjamin was an anti philosophical anti systematic thinker whose conceptual interests also felt the gravitational pull of his vocation as a writer What resulted was a coexistence or variety of language fields and thematic codes which overlapped and often seemed to contradict each other a view which will allow us to clarify the much debated tension in his works between the mystical or theological side of Benjamin and his political or historical inclination The three way tug of war over his heritage between adherents of his friends Scholem Adorno and Brecht can also be better grasped from this position which gives the Brechtian standpoint more due than most influential academic studies Benjamin s corpus is an anticipation of contemporary theory in the priority it gives language and representation over philosophical or conceptual unity and its political motivations are clarified by attention to the omnipresence of History throughout his writing from the shortest articles to the most ambitious projects His explicit program to transfer the crisis into the heart of language or in other words to detect class struggle at work in the most minute literary phenomena requires the reader to translate the linguistic or representational literary issues that concerned him back into the omnipresent but often only implicitly political ones But the latter are those of another era to which we must gain access to use one of Benjamin s favorite expressions New Realism and Contemporary Philosophy Gregor Kroupa,Jure Simoniti,2020-06-25 This open access book advances the current debate in continental realism In the field of contemporary continental ontology Speculative Realist thinkers are now grappling with the genealogy of their ideas in the history of modern philosophy The Speculative Realism movement prompted a debate criticizing the predominant postmodernist orientation in philosophy which located its origins in Kantian correlationism which supposedly ended the period of early modern naive realist metaphysics by showing that the mind and the outside world can only ever be understood as correlates The debate over a new kind of realism has attracted many supporters and critics In order to refocus its specific interpretation of modern philosophy in general and of the Kantian gesture in particular this volume brings together major authors working on contemporary

ontology and historians of ideas It underlines and illustrates the fact that contemporary continental philosophy is rediscovering its past in original ways by productively re interpreting some of the key concepts of modern philosophy The perspectives and accounts of the key concepts of the history of philosophy are different in the views of individual contributors and sometimes radically so yet the discussion between contemporary realists and their critics shows that the real battleground of new ideas lies not in developing the philosophical motifs of the end of the 20th century but rather in rethinking the milestones of modern philosophy The eBook editions of this book are available open access under a CC BY NC ND 3 0 licence on www.bloomsburycollections.com The College Courant ,1871 **The National Reformer** ,1870
