The Orb Iraqi Deaths Report:

Erasing Iraq Michael Otterman, Richard Hil, Paul Wilson, 2010-03-03 For nearly two decades the US and its allies have prosecuted war and aggression in Iraq Erasing Iraq shows in unparalleled detail the devastating human cost of the war in Iraq Western governments and the mainstream media continue to ignore or play down the human costs of the war on Iraqi citizens This has allowed them to present their role as the benign guardians of Iraqi interests The authors deconstruct this narrative by presenting a portrait of the total carnage in Iraq today From Iraqi refugees in Syria Jordan and the West to civilians left behind and other witnesses this the story of the war told by those who experienced it firsthand

Algorithms of Power Peter Ludes, 2011 The literature on bridging the semantic gap between mass and network mediated visuals and algorithms for their automatic identification and classification is growing and requires transdisciplinary contributions in Part I by eminent computer and social scientists In Part II scholars from the social sciences and journalism explore a few major landmarks of the vastly neglected and more challenging areas of soundscapes and multi sensory experiences as well as censorship

NEWSPEAK in the 21st Century David Edwards, David Cromwell, 2009-08-20 Media Lens mission is to correct the distorted vision of the liberal media A thorn in the side of the Guardian Independent Channel 4 and the BBC among many others it is constantly under counterfire by those it attacks These responses are collected in Newspeak They expose the arrogance and servility to power of our leading journalists and editors starring Andrew Marr Alan Rusbridger Roger Alton Jon Snow Jeremy Bowen and even George Monbiot Packed with forensic media analysis revealing the lethal bias in balanced reporting Even the best UK media turn out to be cheerleaders for government business and war Alongside an A Z of BBC propaganda and chapters on

Censored 2011 Mickey Huff, Peter Phillips, Project Censored, 2011-01-04 The yearly volumes of Censored in continuous publication since 1976 and since 1995 available through Seven Stories Press is dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship The top stories are listed democratically in order of importance according to students faculty and a national panel of judges Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories

Iraq, Lies, Cover-Ups, and Consequences Rodney Stich, 2005-05 The author a former government agent and other former government agents detail the pattern of lies by White House politicians to support the invasion of Iraq the massive cover ups of the lies by U S politicians and most of the U S media and the dire consequences of these wrongful acts

Accountability for Killing Neta Crawford, 2013-10 The unintended deaths of civilians in war are too often dismissed as unavoidable inevitable and accidental And despite the best efforts of the U S to avoid them civilian casualties in Afghanistan Iraq and Pakistan have been a regular feature of the United States wars after 9 11 In *Accountability for Killing* Neta C Crawford focuses on the causes of these many episodes of foreseeable collateral damage and the moral responsibility for them The dominant paradigm of legal and moral responsibility in war today stresses both intention and individual accountability Deliberate killing of civilians is outlawed and international law blames individual soldiers and commanders for such killing An individual soldier may be sentenced life in prison or death for deliberately killing even a small number of civilians but the large scale killing of dozens or even hundreds of civilians may be forgiven if it was unintentional incidental to a military operation The very law that protects noncombatants from deliberate killing may allow many episodes of unintended killing Under international law civilian killing may be forgiven if it was unintended and incidental to a militarily necessary operation Given the nature of contemporary war where military organizations training and the choice of weapons doctrine and tactics create the conditions for systemic collateral damage Crawford contends that placing moral responsibility for systemic collateral damage on individuals is misplaced She develops a new theory of organizational moral agency and responsibility and shows how the US military exercised moral agency and moral responsibility to reduce the incidence of collateral damage in America's most recent wars Indeed when the U S military and its allies saw that the perception of collateral damage killing was causing it to lose support in the war zones it moved to a population centric doctrine putting civilian protection at the heart of its strategy Trenchant original and ranging across security studies international law ethics and international relations *Accountability for Killing* will reshape our understanding of the ethics of contemporary war

Peace Journalism, War and Conflict Resolution Richard Keeble, John Tulloch, Florian Zollman, 2010 Peace Journalism War and Conflict Resolution draws together the work of over twenty leading international writers, journalists, theorists, and campaigners in the field of peace journalism. Mainstream media tend to promote the interests of the military and governments in their coverage of warfare. This major new text aims to provide a definitive up-to-date, critical, engaging, and accessible overview exploring the role of the media in conflict resolution. Sections focus in detail on theory, international practice, and critiques of mainstream media performance from a peace perspective. Countries discussed include the U.S., U.K., Germany, Cyprus, Sweden, Canada, India, Pakistan, Papua New Guinea, and the Philippines. Chapters examine a wide variety of issues including mainstream newspapers, indigenous media, blogs, and radical alternative websites. The book includes a foreword by award-winning investigative journalist John Pilger and a critical afterword by cultural commentator Jeffery Klaehn.

Censored 2013 Mickey Huff, Andy Lee Roth, 2012-10-30 Every year since 1976 Project Censored, our nation's oldest news monitoring group, a university-wide project at Sonoma State University founded by Carl Jensen, directed for many years by Peter Phillips, and now under the leadership of Mickey Huff, has produced a Top 25 list of underreported news stories and a book *Censored* dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self-censorship. Seven Stories Press has been publishing this yearbook since 1994, featuring the top stories listed democratically in order of importance according to students, faculty, and a national panel of judges. Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories. Beyond the Top 25 stories, additional chapters delve further into timely media topics. The *Censored News and Media Analysis* section provides annual updates on Junk Food News and News Abuse. *Censored* Deja Vu signs of hope in the alternative and news media and the state of media bias and alternative coverage around the world. In the Truth Emergency section, scholars and journalists take a critical look at the US/NATO military industrial media empire. And in the Project Censored International section, the meaning of media democracy worldwide is explored in close association with Project Censored affiliates in universities and at media organizations all over the world. A perennial favorite of booksellers, teachers, and readers everywhere, *Censored* is one of the strongest life signs of our current collective desire to get the news we citizens need despite what Big Media tells us.
