The Other Renaissance Rocco Rubini. 2014-12-22 This title offers a cultural translation of modern Italian intellectual and philosophical history a development book ended by Giambattista Vico and Antonio Gramsci It shows Italian philosophy to have emerged during the age of the Risorgimento in reaction to 18th century French revolutionary and rationalist standards in politics and philosophy and in critical assimilation of the German reaction to the same mainly Hegelian idealism and eventually Heideggerian existentialism This is the story of modern Italian philosophy told through the lens of Renaissance **The Other Renaissance** Rocco Rubini, 2014-12-22 A natural heir of the Renaissance and once tightly scholarship conjoined to its study continental philosophy broke from Renaissance studies around the time of World War II In The Other Renaissance Rocco Rubini achieves what many have attempted to do since bring them back together Telling the story of modern Italian philosophy through the lens of Renaissance scholarship he recovers a strand of philosophic history that sought to reactivate the humanist ideals of the Renaissance even as philosophy elsewhere progressed toward decidedly antihumanist sentiments Bookended by Giambattista Vico and Antonio Gramsci this strand of Renaissance influenced philosophy rose in reaction to the major revolutions of the time in Italy such as national unity fascism and democracy Exploring the ways its thinkers critically assimilated the thought of their northern counterparts Rubini uncovers new possibilities in our intellectual history that antihumanism could have been forestalled and that our postmodern condition could have been entirely different In doing so he offers an important new way of thinking about the origins of modernity one The Intellectual World of the Italian Renaissance that renews a trust in human dignity and the Western legacy as a whole Christopher S. Ruehl, 2015-10-15 Explores German engagement with the Italian Renaissance in the decades from German unification to the Weimar republic **Renaissance Scholasticisms** Amos Edelheit, 2025-01-27 This volume sheds new light on the intellectual history of the Renaissance by focusing on the neglected paradigm of scholasticism Its chapters aim to recast our present understanding of familiar features of Renaissance thought by showing that many of the assumed innovations of the period took place as a result of a dialogue between plural traditions of scholasticism and the emerging methods of humanism Written by a team of internationally recognized experts the volume seeks to further enfranchise scholasticism as an integral aspect of Renaissance intellectual history and explain its value to the study of humanism and early modern philosophy

Vico, Hegel and the Making of Modern Italy Alessandro De Arcangelis,2025-06-26 Embracing a transnational approach to 19th century Italian intellectual history this book examines the encounter and amalgamation of local and foreign philosophical traditions chiefly represented by the thought of Giambattista Vico and Georg Wilhelm Friedrich Hegel showcasing their contribution to shaping a historical mindset that guided and legitimised Italians experiences of political

change Taking a revisionist stance the author challenges the prevailing view that Italian thinkers passively adopted foreign ideas Instead they engaged critically with them questioning their conceptual foundations and applicability to Italy s political landscape Vico Hegel and the Making of Modern Italy reveals that Italian intellectuals sought cultural and political renewal at both local and European levels not through assimilation but through steadfast allegiance to a local strand of political thought inspired by Vico's humanist historicism The book ultimately explores how philosophical thought empowered Italian intellectuals to navigate the uncertainties drama and energy of the Risorgimento underscoring the enduring significance of philosophical knowledge in shaping Italy s political trajectory Inventing Modernity in Medieval European Thought, ca. 1100-ca. 1550 Cary J. Dissident Renaissance: Rewriting the History of Early Modern Philosophy as Political Practice, 2025-02-13 The Renaissance has a peculiar status in philosophical historiography it tends to disappear from the dominant narrative as Charles Schmitt famously noticed but it also resurfaces unexpectedly in marginal reception histories This book casts light on intellectual constellations or geographical areas which have traditionally been considered peripheral to the emergence of the Renaissance The case studies presented in the book explore philosophical historiography as a political practice showing how in times of cultural crisis or change the scholarly rediscovery of the Renaissance often served to develop or legitimise an ideal of social religious or moral reform Driven by personal concerns and political choices historiography is revealed as an act of dissent against mainstream reconstructions Renaissance Politics and Culture Jonathan Davies, John Monfasani, 2021-08-16 Renaissance Politics and Culture collects ten essays by eminent scholars in Renaissance studies to celebrate the life and work of Robert Black who has made some of the most original and significant contributions to the history of the Renaissance Reflecting his interdisciplinary interests and approaches these essays analyze education humanism political thought printing and the visual arts during this key period in their development Contributors James R Banker I r mie Barthas Davide Baldi Bellini Jane Black Lorenz B ninger Jonathan Davies James Hankins John Monfasani John M Najemy and Brian Richardson Italian Neo-Kantianism Thomas Nemeth, 2025-04-21 Nemeth provides a

comprehensive overview of the tumultuous times in nineteenth century Italian philosophy and presents the main proponents of neo Kantianism in dedicated chapters Kant s thought initially entered Italy via French sources but met resistance from the dominant philosophy of sensationalism Those who faulted that latter philosophy turned to Kant albeit only in piecemeal fashion incorporating even elements from British philosophy With the success of Italian unification came a small but vigorous Hegelian wave one advocating an interpretation oriented toward recent political accomplishments another followed strictly orthodox lines and still another a pantheistic interpretation In the wake of this Hegelian movement several young philosophers initiated an Italian neo Kantianism that centered on a realist reading of Kant's epistemology with hardly a nod to either transcendental idealism or the transcendental method The Italian movement grew ever closer to positivism particularly as the latter independently found support But the final blow to the movement came from a revivified neo Hegelianism Although short lived Italian neo Kantianism confronted problems associated both with Kantian idealism and the role of philosophy A Cultural History of Ideas in the Renaissance Jill Kraye, 2025-05-15 PRAISE FOR A CULTURAL HISTORY OF IDEAS VOLUMES 1 6 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE 2023 AAP PROSE AWARDS WINNER BEST HUMANITIES REFERENCE WORK The Renaissance is famous as a period of intellectual and cultural flourishing associated with the rebirth of antiquity It is now recognized however that there was considerable continuity with the preceding medieval centuries While much that was new about the Renaissance derived from the recovery restoration and revival of ancient ideas and culture the process of renewal took place against the backdrop of intellectual and cultural structures inherited from the Middle Ages This volume of A Cultural History of Ideas explores the ways in which distinctively Renaissance ideas and a distinctively Renaissance culture emerged from the complex interaction of ancient and medieval influences The emphasis is on the interplay between culture and ideas observed at close quarters through studies of scholars physicians botanists and scientists popes cardinals and bishops Catholics Lutherans Calvinists Anabaptists and heretics missionaries and Mughal administrators artists craftsmen merchants and butchers Contributors to the volume look not only at philosophical scientific medical pharmacological astronomical astrological and cosmological treatises but also at gardens botanical collections and drawings woodcuts broadsides frontispieces peace treaties and commercial contracts The 6 volume set A Cultural History of Ideas is part of The Cultural Histories Series Titles are available in print for individuals or for libraries needing just one subject or preferring a tangible reference for their shelves or as part of a fully searchable digital library The digital product is available to institutions by annual subscription or on perpetual access via www bloomsburyculturalhistory com Individual volumes for academics and researchers interested in specific historical periods are also available in print or digitally via www bloomsburycollections com This Thing Called Theory Teresa Stoppani, Giorgio Ponzo, George Themistokleous, 2016-11-10 In the age of post digital architecture and digital materiality This Thing Called Theory explores current practices of architectural theory their critical and productive role The book is organized in sections

which explore theory as an open issue in architecture as it relates to and borrows from other disciplines thus opening up architecture itself and showing how architecture is inextricably connected to other social and theoretical practices The sections move gradually from the specifics of architectural thought its history theory and criticism and their ongoing relation with philosophy to the critical positions formulated through architecture s specific forms of expression and onto more recent forms of architecture's engagement and self definition. The book's thematic sessions are concluded by and interspersed with a series of shorter critical position texts which together propose a new vision of the contemporary role of theory in architecture What emerges overall is a critical and productive role for theory in architecture today theory as a proposition theory as task and as a risk of architecture Markets, Morals, Politics B∏la Kapossy, Isaac Nakhimovsky, Sophus A.
