World Henry Drummond, 2022-11-13 In *Love the Greatest Thing In the World* Henry Drummond explores the profound essence of love as the highest virtue emphasizing its transformative power in human relationships and society at large. Written in a lyrical yet didactic style Drummond intertwines anecdotes biblical references and philosophical reflections to illustrate love's role as a unifying force. Situated in the 19th century revivalist movement the work emerges as a response to the growing industrialization and materialism of the era seeking to rekindle spiritual depth and interpersonal connection through the lens of divine love. Henry Drummond 1851-1897 a Scottish preacher biologist and writer was deeply influenced by the Ethical Movement and the Social Gospel which sought to address societal issues through moral reform and spiritual awakening. His extensive work as a revivalist and his interest in science reflect his belief in harmonizing faith with rational thought. These experiences culminated in this seminal work wherein he articulates a comprehensive vision of love that challenges the prevailing sentiments of his time. This book serves not only as a theological treatise but also as a powerful manifesto for those seeking to understand the dynamics of love and its central role in human existence. Drummond's eloquent prose and heartfelt declarations make it a timeless read offering invaluable insights for anyone interested in the complexities of love morality and the human spirit. *Addresses to Women Engaged in Church Work* Henry Codman Potter, 1898
