Flexible Pavement Maintenance Operations Faiq M. Sarhan Al-Zwainy,Ibraheem A. Aidan,2018-08-17 The states of the world invest very much money for the construction and maintenance of roads since roads are considered very important in the transportation sector as an indispensable tool Roads are used to transport goods and persons from one place to another So the process of maintenance management for roads networks is considered very important because it needs various kinds of resources This process must be completed with a very high degree of accuracy to achieve more profit of available resources and to keep on the acceptable level of service for these road networks therefore the significance of this book lies in dealing with an important area of the constructional and urban development which is the flexible pavement maintenance operations

Walther Pistols John Walter,2022-04-28 While the PP and PPK were intended for police work the Walther P 38 was produced for the Germany military all three pistols have garnered a formidable international reputation since the 1930s The innovative Walther PP Polizeipistole a double action semi automatic pistol intended for the law enforcement market became available in 1929 and went on to arm the police of several European countries in the 1930s Its smaller cousin the PPK more readily concealed for undercover work but with reduced magazine capacity was produced from 1931 Intended to replace the P 08 Luger the Walther P 38 was issued from 1940 and equipped the armed forces of Germany and other countries during and after World War II but never entirely replaced the Luger in German service All three pistols went on to have lengthy and varied service across the world after 1945 Both the PP and the PPK remain in production today while the P 38 re emerged as the P1 and equipped West German forces from 1963 until 2004 when it was replaced by the P8 In this study noted authority John Walter assesses the origins development use and legacy of these three high profile semi automatic pistols alongside other Walther variants such as the tiny 25 ACP Modell 9

Biology and Control of the Western Pine Beetle John Martin Miller,Frederick Paul Keen,1960 This publication reviews the results of research on the western pine beetle up to July 1 1952 It shows the progress that has been made in over a half century of study of this one bark beetle It also records the trials and errors the research that ran into blind alleys The record of this pioneer effort in the field of forest entomology in the United States should be of great help to research workers who are faced with similar problems
